1 Plaintiff, Sarah L. Little, the duly authorized and acting chapter 7 Trustee (“Trustee”) of the
2 bankruptcy estate of Pacific Steel Casting Company (the “Debtor” or “New Pacific Steel”) hereby
3 brings claims against the following defendants:

4 (A) SPEYSIDE FUND, LLC, a Delaware limited liability company (“Speyside Fund”);
5 THE ALCAST COMPANY, an Illinois corporation (“Alcast”); KRISHNAN VENKATESAN, an
6 individual (“Venkatesan”); JEFFREY STONE, an individual (“Stone”); ERIC WIKLENDT, an
7 individual (“Wiklendt”) (Speyside Fund, Alcast, Venkatesan, Stone, and Wiklendt collectively
8 referred to as the “Owner Defendants”);

9 (B) RATAVASCO LLC, a New York limited liability company (“RataxasCo”);
10 SPEYSIDE EQUITY LLC, a Delaware limited liability company (“Speyside Equity”); KEVIN
11 DAUGHERTY, in his capacity as Trustee of the TD 2011 Trust (the “TD Trust”) and PD 2011 Trust
12 (the “PD Trust”); ROBERT C. SYLVESTER, an individual (“Sylvester”) (RataxasCo, Speyside
13 Equity, TD Trust, PD Trust, and Sylvester collectively referred to as the “Subsequent Transferee
14 Defendants”);

15 (C) JERRY JOHNSON, an individual (“Johnson”); BRIAN HOLT, an individual
16 (“Holt”); STEVE WESSELS, an individual (“Wessels”); KEVIN DAUGHERTY, an individual
17 (“Daugherty”) (Stone, Johnson, Holt, Wessels, and Daugherty referred to herein, collectively, as the
18 “Management Defendants” and the Owner Defendants and Management Defendants, collectively,
19 the “Defendants”); and

20 (D) UHY LLP (the “Accountants” or “UHY”).

21 In support of the claims, the Trustee alleges as follows:

22 **I. NATURE OF PROCEEDING**

23 1. By this action, the Trustee seeks to avoid and recover for the benefit of the Debtor’s
24 estate (the “Estate”) a series of illegal dividends, fraudulent conveyances and improper insider
25 payments by which certain of the Defendants looted some \$14.35 million from the Debtor, resulting
26 in more than \$40 million in damages tied to incremental and avoidable indebtedness that would not
27 have arisen as claims against the Estate but for the Defendants’ wrongful actions and omissions.
28 The looted funds include approximate \$10.75 million in illegal dividends, which the Management

1 Defendants caused the Debtor to distribute to the Owner Defendants beginning in September 2014
2 and continuing through early-2016 (collectively, the “Initial Illegal Distributions”), plus an
3 additional \$3.6 million that the Management Defendants caused the Debtor to distribute to the
4 Owner Defendants in 2018 (the “2018 Illegal Distribution”), as purported repayment on loans but
5 which were, in fact, capital contributions made in 2016 and 2017 (collectively, the “Capital
6 Contribution”). The looted funds were received by the Owner Defendants, and by the Subsequent
7 Transferee Defendants via distributions in respect of their membership interests in Speyside Fund,
8 all while the Debtor was insolvent; the fair value of the Debtor’s assets was significantly less than
9 the fair value of its liabilities at all relevant times. The Trustee further seeks damages from the
10 Management Defendants for their breaches of fiduciary duty which resulted in liabilities to the
11 Debtor’s Estate exceeding \$40 million, as well as damages from UHY, who aided and abetted the
12 Management Defendants and Owner Defendants in implementing their wrongful scheme.

13 2. The wrongful scheme, by which the Defendants impoverished the Debtor by looting
14 its assets and increasing its indebtedness, has its origin in the leveraged buyout (the “LBO”) by
15 which the Owner Defendants purchased out of bankruptcy substantially all of the assets of the
16 Debtor’s predecessor, Second Street Properties, Inc. f/k/a Pacific Steel Casting Company (“Old
17 Pacific Steel”), whose bankruptcy case was pending before the above-captioned United States
18 Bankruptcy Court for the Northern District of California (the “Bankruptcy Court”) as Case No. 14-
19 41045-RLE (“Old Pacific Steel”). Old Pacific Steel’s case was jointly administered with that of Old
20 Pacific Steel’s wholly owned subsidiary, Berkeley Properties, LLC, whose case was pending before
21 the Bankruptcy Court as Case No. 14-41048-RLE (“Berkeley Properties” and, together with Old
22 Pacific Steel, the “Old Pacific Steel Debtors”). Through the LBO, the Owner Defendants acquired
23 substantially all of the assets of Old Pacific Steel as a going concern, whose business operations
24 included three separate plants on nine acres of land: a green sand plant, a shell mold plant and an air
25 set plant. The business manufactured steel castings used mostly for customers in the oil drilling
26 equipment sector (about 55% of its customers) and the heavy-duty truck manufacturing sector (about
27 33% of its customers), including products that were based on customers’ specifications and were
28

1 typically shipped on a just-in-time basis, including carbon, low-alloy and stainless steel casting
2 ranging from one to 7,000 pounds.

3 3. Through the LBO, the Owner Defendants were able to acquire substantially all of Old
4 Pacific Steel's business and operating assets with only \$2.5 million of cash plus the assumption of
5 certain liabilities (for which New Pacific Steel itself became obligated), including, without
6 limitation, the contingent withdrawal liability that would arise from certain union pension plans to
7 which Old Pacific Steel was a party, and would become fixed and due in the event New Pacific Steel
8 withdrew from such pension plans or otherwise failed within five years after the closing of the LBO
9 (the "Withdrawal Liabilities"), as specified in that certain asset purchase agreement (the "APA")
10 approved by the Bankruptcy Court pursuant to its *Order Approving Motion to Approve Sale of*
11 *Substantially All Assets Free and Clear of Liens and Related Relief*, entered July 31, 2014 in Case
12 No. 14-41045 (the "Sale Order"). The APA provided that New Pacific Steel would be primarily
13 obligated to pay any such Withdrawal Liabilities to the extent they arose as obligations of Old
14 Pacific Steel, and Old Pacific Steel would be secondarily obligated therefor. The APA determined
15 the amount of the Withdrawal Liabilities were at that time in excess of \$32 million.

16 4. To advance their looting scheme, the Management Defendants for the benefit of
17 themselves as well as the Owner Defendants and the Subsequent Transferee Defendants, caused the
18 Debtor to declare a "bargain purchase gain" of \$10.9 million within a couple weeks of the LBO's
19 closing, thereby achieving an immediate, though illusory, 436% return on the Owner Defendants'
20 \$2.5 million initial capital contribution. The Management Defendants caused the Debtor to declare
21 this phantom gain notwithstanding that the acquired assets had been professionally marketed, so all
22 relevant industry competitors were provided an opportunity to bid for them, thereby establishing
23 market conditions that set the reasonable market price therefor reflected in the APA. The
24 Management Defendants caused the Debtor to ostensibly justify this fiat gain by wildly inflating on
25 its books the value of the Debtor's inventory and by ignoring without justification various substantial
26 and material liabilities, including the more than \$32 million assumed contingent Withdrawal
27 Liabilities. On information and belief, the Management Defendants and the Accountants had actual
28 knowledge that the Management Defendants' appraisal, stating that only 3% of the Debtor's

1 inventory acquired from Old Pacific Steel was slow moving and obsolete, was profoundly
2 inaccurate. “Wildly” inflated, as used above, was meant literally: New Pacific Steel’s carried
3 inventory, much of which initially was intended for just-in-time uses on information and belief, was
4 essentially worthless and ultimately written down before being written off, beginning in 2016 and
5 continuing and increasing in magnitude through 2018. Admitting in essence that nothing had
6 changed to justify a bargain purchase gain, Stone, who was both an Owner Defendant and
7 Management Defendant, stated on September 11, 2014, shortly after the LBO closing, that he
8 “expect[ed the Debtor] to struggle with profitability for the first few months – we have the same
9 company issues as existed before.” There was never a genuine bonanza attributable to the LBO; the
10 bargain purchase gain was simply the product of “cooking” the Debtor’s books.

11 5. The Debtor’s books and records show that the Owner Defendants received almost
12 \$10.8 million from September 12, 2014 through April 19, 2016, of which approximately \$9 million
13 was received during the four-year period before the Debtor’s filing of its voluntary bankruptcy on
14 January 25, 2019 (the “Petition Date”). Most if not all of these payments were funded by collections
15 of the Debtor’s accounts receivable and financings that otherwise would have been available to the
16 Debtor and without which the Debtor was left with inadequate working capital for its business
17 operations, present and future.

18 6. On information and belief, the Management Defendants’ initial scheme was simple:
19 They wanted to keep the business alive just long enough to allow the three-year statute of limitations
20 for illegal distributions to run on the Initial Illegal Distribution, at which time they would place New
21 Pacific Steel into bankruptcy thereby shifting the losses to creditors. However, the severity of the
22 Initial Illegal Distributions in light of the phantom income was felt by the Debtor’s business by July
23 2016, when New Pacific Steel was in default of its loan with Wells Fargo. By October 2016, the
24 Owner Defendants were forced to repatriate, by way of the Capital Contribution, approximately \$4
25 million of the funds they had received from the Debtor, or face the Debtor’s certain bankruptcy in
26 2016. The Owner Defendants disguised this Capital Contribution as subordinated loans. The Owner
27 Defendants papering of the Capital Contribution as a subordinated secured loan served three
28 purposes: first, it allowed the Owner Defendants to be treated as creditors so they could be repaid

1 before legitimate creditors (save for one senior secured lender); second, it allowed the Owner
2 Defendants to receive interest on their capital, which the Debtor's operating agreement prohibited
3 for equity infusions; and third, it avoided a claim of illegal distribution to the extent they could
4 successfully assert that the payments were made on account of a bona fide loan (which, of course, it
5 was not), rather than a return on equity (which it quite obviously was). The Management
6 Defendants' conduct was willful, wanton, malicious, and in complete disregard for the rights of the
7 Debtor, always elevating their own personal interests above those of the Debtor.

8 7. Nevertheless, the amount of the Capital Contribution (less than half of the Initial
9 Illegal Dividend) was insufficient to make New Pacific Steel solvent, and by October 2017
10 Management Defendants retained bankruptcy counsel. New Pacific Steel advised certain vendors
11 that it imminently was ceasing operations. This was more than a year before the Petition Date.

12 8. Rather than filing bankruptcy in 2017, which would have adversely affected the
13 Owner Defendants' ability to recoup their Capital Contribution and would have exposed the Initial
14 Illegal Distribution, Defendants kept New Pacific Steel's doors open through 2018—for the primary
15 purpose of making the 2018 Illegal Distribution. The Management Defendants caused the Debtor to
16 repay to the Owner Defendants approximately \$3.6 million (about 90%) of the Capital Contribution
17 during 2018, during the run-up to the Petition Date. In order to facilitate this further looting by the
18 Owner Defendants—in the form of repayments on the purported loan, which was in fact equity in
19 the first instance, *i.e.*, the 2018 Illegal Distribution—the Management Defendants allowed the
20 Debtor to default on other payments and obligations that necessitated concessions from the Debtor's
21 landlord and left other vendors without any payments. Thus, the Management Defendants caused
22 the Debtor to pay the Owner Defendants during a period after the Debtor had defaulted on its
23 payment obligations to legitimate creditors, including the pension funds, vendors and other creditors,
24 some if not all of whom had provided the Debtor with economic concessions.

25 9. These legitimate creditors granted the Debtor such concessions in reliance on the
26 Management Defendants' affirmative misrepresentations, including that the Capital Contribution
27 would be infused as equity rather than debt, and that no repayments would be made to insiders
28 (including the Owner Defendants) without prior notice to the unions who were forbearing from

1 perfecting and enforcing remedies in reliance on the Management Defendants' false promises.

2 Audaciously, Speyside Fund now claims to have a further secured right to payment in the amount of
3 \$828,761, having filed two proofs of claim in the Debtor's bankruptcy case.

4 10. By this action, the Trustee further seeks to have the purported loan re-characterized as
5 equity, the 2018 Illegal Distribution deemed fraudulent conveyances and further illegal dividends,
6 and Speyside Fund's proof of claim disallowed (or equitably subordinated to general non-priority
7 unsecured claims).

8 11. Most of the illegal and avoidable distributions described above as the Initial Illegal
9 Distributions, were made before the Debtor's Accountants completed the Debtor's 2014 audited
10 financial statement, which reflected the improper \$10.9 million bargain purchase gain and was based
11 on false information and material omissions for which the Management Defendants and the
12 Accountants were responsible. The Accountants also failed to perform reasonable diligence and to
13 provide professional services consistent with their duty of care to the Debtor, and thereby facilitated
14 the Management Defendants' scheme even though the Accountants had identified certain material
15 audit risks. While the APA accounted for the Withdrawal Liabilities to reduce the cash component
16 of Speyside Fund's purchase price for Old Pacific Steel's assets (which were then assigned to and
17 vested in the Debtor), the Management Defendants never accounted for these Withdrawal Liabilities
18 on the Debtor's balance sheets nor did the Accountants ever identify these liabilities on any of New
19 Pacific Steel's financial statements from 2014 through the Petition Date. Even the Debtor's
20 bankruptcy schedules and statement of financial affairs contain no mention of the Withdrawal
21 Liabilities notwithstanding the fact that the Debtor received a default letter in December 2017 based
22 upon the cancellation of a bond then-in-place to secure these Withdrawal Liabilities. The
23 Management Defendants and the Accountants also failed to schedule the Debtor's indemnification
24 obligation to the Old Pacific Steel Debtors arising from the contingency (ultimately realized) that the
25 Withdrawal Liabilities would materialize and perhaps be paid in part, if not in full, from security
26 therefor that the Old Pacific Steel Debtors had provided to secure their secondary liability (after the
27 Debtor's) for such Withdrawal Liability. Indeed, the Old Pacific Steel Debtors have filed a \$24
28 million proof of claim in the Debtor's bankruptcy case in respect of this claim.

1 12. The Accountants were complicit in masking New Pacific Steel's liabilities and
2 inflating its assets. In turn, the Management Defendants used the accounting reports and documents
3 to justify their conduct and in furtherance of their wrongful scheme, including using the materially
4 misleading audited financial statements with the Debtor's lenders to secure more favorable lending
5 terms. The illegal and avoidable distributions instigated by the Management Defendants were the
6 Debtor's downfall. As the Accountants lamented in the Debtor's 2016 audited financials: "These
7 conditions raise substantial doubt about the Company's ability to continue as a going concern." In
8 2017, the Debtor cancelled a then-in-place bond securing the Debtor's Withdrawal Liabilities, which
9 bond was required under the APA to protect Old Pacific Steel and which made the Debtor liable for
10 the full amount of the Withdrawal Liabilities.

11 13. Management Defendants' actions violated their fiduciary duties owed to the Debtor
12 and its stakeholders, including to the creditor body given the Debtor's insolvency, which insolvency
13 existed from before the Initial Illegal Distributions were made. On information and belief, the
14 Management Defendants never intended to honor the material indemnification provisions of the
15 APA and, instead, planned all along to pillage the Debtor's assets, including its accounts receivable
16 and access to loans and concessions from unions and other creditors, for their personal benefit and
17 the benefit of the Owner Defendants, creating millions of dollars in liabilities owed by this resulting
18 chapter 7 bankruptcy estate (some of which liabilities are secondarily owed by the Old Pacific Steel
19 Debtors). This wrongful scheme is further evidenced by the fact that the "ink was not yet dry" on
20 the APA when the Initial Illegal Distributions began.

21 14. The debilitating and adverse impact on the Debtor of the Initial Illegal Distributions
22 was exacerbated by the Debtor's overwhelming if not total loss of business from the Debtor's most
23 substantial customers. On information and belief, the Management Defendants further breached
24 their fiduciary duties to the Debtor by secretly diverting substantial business and customers of the
25 Debtor to other entities with which the Management Defendants are affiliated, to the detriment of the
26 Debtor and its stakeholders.

1 15. To make matters worse, the Management Defendants inexcusably cancelled before
2 the Petition Date insurance coverage that might otherwise have been available to cover claims of
3 breach of fiduciary duty.

4 16. Each of the transfers sought to be avoided and recovered hereby on the grounds of
5 “actual intent,” as indicated in the headings of the various claims for relief herein, was caused by the
6 Management Defendants to be made by the Debtor with the actual intent to hinder, delay, or defraud
7 one or more of the Debtor’s creditors.

8 17. Each of the transfers sought to be avoided and recovered hereby on the grounds of
9 “constructive fraud,” as indicated in the headings of the various claims for relief herein, was caused
10 by the Management Defendants to be made by the Debtor without the Debtor received reasonably
11 equivalent value in exchange for such transfers, the Debtor (a) was insolvent on the date that such
12 transfer was made or such obligation was incurred, or became insolvent as a result of such transfer or
13 obligation; (b) was engaged in business or a transaction, or was about to engage in business or a
14 transaction, for which any property remaining with the Debtor was an unreasonably small capital; (c)
15 intended to incur, or believed that the Debtor would incur, or should have believed the Debtor would
16 incur, debts that would be beyond the Debtor’s ability to pay as such debts matured; or (d) made
17 such transfer to or for the benefit of an insider, or incurred such obligation to or for the benefit of an
18 insider, under an employment contract and not in the ordinary course of business.

19 18. There were no innocent insiders (officers, directors, or shareholders) of the Debtor –
20 all were the Owner Defendants or the Management Defendants – who could have acted during the
21 relevant period before the Petition Date. The looting was never disclosed to the public or anyone
22 who had the authority or ability to act or to seek redress on behalf of the Debtor. Thus, the Debtor,
23 as such, could not discover and did not discover its injuries and damages until after the Petition Date,
24 when the Management Defendants were removed from their positions of control over and
25 domination of the Debtor.

26 **II. JURISDICTION AND VENUE**

27 19. This Court has jurisdiction over this adversary proceeding pursuant to 28 U.S.C.
28 §§ 157 and 1334, because, among other things, the claims for relief arise in or are related to a case

1 pending under Title 11 of the *United States Code* (“Bankruptcy Code”). This adversary proceeding
2 arises in or relates to the bankruptcy case *In re Pacific Steel Casting Company LLC*, 4:19-bk-40193-

6 §§ 151 and 157.

7 21. The Trustee has standing to bring this adversary proceeding pursuant to 11 U.S.C.

10 facts on information and belief based on a review of business records of the Debtor and other records
11 obtained.

1 **IV. STATEMENT OF FACTS APPLICABLE TO ALL CLAIMS FOR RELIEF**

2 **A. Background of Old Pacific Steel and Berkeley Properties**

3 41. On March 10, 2014, the Old Pacific Steel Debtors filed for bankruptcy protection.
4 Berkeley Properties LLC (“BP”) was a wholly owned subsidiary of Old Pacific Steel, and their
5 respective chapter 11 cases were jointly administered (Bankr. Case Nos. 14-41045-RLE and 14-
6 41048-RLE).

7 42. Old Pacific Steel was a fourth generation family-owned steel foundry that
8 manufactured carbon, low-alloy and stainless steel castings for U.S. and international customers.
9 Old Pacific Steel operated three separate plants that were located on eight acres in Berkeley,
10 California.

11 43. Most of the real property was owned by BP, which leased the real property to Old
12 Pacific Steel. At the time of Old Pacific Steel Debtors’ bankruptcy, the real property was BP’s only
13 significant asset, and Old Pacific Steel was the property’s only tenant.

14 44. At the time of its bankruptcy in 2014, Old Pacific Steel had grown into one of the
15 largest independent steel-casting companies in the U.S. Old Pacific Steel supplied numerous
16 industries with a wide variety of castings used in oil and gas drilling equipment, heavy-duty truck
17 parts, valves and fittings, and mining and construction equipment. Old Pacific Steel’s plants
18 incorporated some of the latest manufacturing technology, production capabilities and emissions
19 controls which allowed Old Pacific Steel to remain competitive with domestic and international
20 suppliers, and to maintain compliance with environmental regulations.

21 45. At the time of its bankruptcy filing, Old Pacific Steel employed approximately 365
22 hourly employees and 45 salaried employees. The majority of the hourly employees were
23 represented by the *Glass, Molders, Pottery, Plastics, and Allied Workers International Union*, AFL-
24 CIO, CLC Local No. 164B (the “Union”). Historically, Old Pacific Steel enjoyed a good working
25 relationship with the Union, and the then-current collective bargaining agreement was set to expire
26 in 2015.

27 46. Both prior to and after it filed for bankruptcy protection, Old Pacific Steel diligently
28 investigated possible purchasers or investors. Prepetition and on January 29, 2014, Old Pacific Steel

1 retained the services of Cleary Gull Inc. (“Cleary Gull”) to serve as its investment banker in
2 connection with one or more possible sales, mergers or other business combinations or transactions.
3 Cleary Gull assisted Old Pacific Steel by canvassing the marketplace for potential investors or
4 buyers. Cleary Gull prepared a confidential memorandum describing Old Pacific Steel’s business,
5 history, financial position and results, and the investment opportunity, and prepared an electronic
6 “data room” with significant financial and company records to allow potential investors and buyers
7 to conduct due diligence. After filing bankruptcy, Old Pacific Steel and BP received Bankruptcy
8 Court approval to allow Old Pacific Steel to employ Cleary Gull as a financial advisor in the
9 bankruptcy cases. Within just one month after the petition date, Cleary Gull received 11 written
10 initial indications of interest and five offers to purchase the assets of Old Pacific Steel and BP.

11 **B. The APA and the New Pacific Steel’s Assumption of the Withdrawal Liabilities**

12 47. On or about June 19, 2014, the Old Pacific Steel Debtors entered into the APA with
13 Speyside Fund, which agreement was presented to this Court in connection with Old Pacific Steel’s
14 motion to approve overbid procedures for the sale of substantially all of Old Pacific Steel’s assets as
15 a going concern, and related relief.

16 48. The APA provided for Speyside Fund to acquire the following assets (the “Acquired
17 Assets”): (i) all of Old Pacific Steel’s inventory, (ii) all of Old Pacific Steel’s tools, equipment, and
18 other tangible personal property used in Old Pacific Steel’s steel foundry business, (iii) Old Pacific
19 Steel’s right to prepaid expenses, advance payments and deposits (unless otherwise excluded), (iv)
20 accounts receivable, notes, evidences of indebtedness of any kind arising from the foundry business,
21 (v) all rights under assumed contracts, (vi) franchises, permits, licenses, etc., issued by any
22 governmental entity used in the foundry business, (vii) intellectual property, (viii) books and records,
23 (ix) promotional and advertising materials, (x) goodwill, (xi) rights and obligations under non-
24 disclosure agreements, (xii) telephone, fax numbers, domain names and email addresses, (xiii) prior
25 and current workers compensation insurance policies, and (xiv) all proceeds and products of the
26 above acquired assets. **Exhibit 1.**²

27
28 ² The APA attached hereto as **Exhibit 1** was filed with this Court in connection with the Old Pacific Steel Debtors’ motion to approve sale procedures, filed on June 19, 2014 in Case No. 14-41045 as Doc. #201.

1 49. The APA also provided for Speyside Fund to assume the following liabilities (the
2 “Assumed Liabilities”): (i) all liabilities arising from the ownership of the Acquired Assets, (ii) all
3 liabilities under assumed contracts, (iii) the obligations to administer or to provide benefits,
4 payments under the Benefit Plans that Speyside Fund assumed, which were listed on Schedule
5 2.03(b)(iii) (the “Assumed Plans”) and all liability arising from Speyside’s termination of or
6 withdrawal from any Assumed Plan; (iv) all liabilities and obligations of Old Pacific Steel under
7 transferable license, permits and governmental authorizations, (v) unpaid vacation obligations to Old
8 Pacific Steel’s employees, (vi) accounts payable and accrued expenses, and (vii) Old Pacific Steel’s
9 workers’ compensation liabilities. *Id.*

10 50. The Old Pacific Steel Debtors’ chapter 11 plan and disclosure statement disclosed the
11 LBO structure of the APA, and the Court approved the sale by its order entered July 31, 2014 (the
12 Sale Order defined *supra*). Indeed, the APA was a fundamental cornerstone the Old Pacific Steel
13 Debtors’ reorganization. This Court confirmed the Old Pacific Steel Debtors’ chapter 11 plan by its
14 order entered July 1, 2015. As explained in post-confirmation status reports filed by the Old Pacific
15 Steel Debtors, the conduct of the Management Defendants complained of herein—which ultimately
16 resulted in the Debtor’s chapter 7 filing—has raised serious doubt as to whether the Old Pacific Steel
17 Debtors will be able to perform under their plan going forward. *See, e.g.,* Post-Confirmation Status
18 Report for Quarter Ending June 30, 2019 [Bk. Doc. #945, Case No. 14-41045 RLE] (“Distributions
19 to creditors have always been under the assumption that the bankruptcy estate would continue to
20 receive rents from [New Pacific Steel] for the term of the lease as this is the bankruptcy estate’s
21 primary source of cash for creditor distributions. Due to its own financial difficulties and shut-
22 down, [New Pacific Steel] vacated the premises on November 28th, 2018. This has created
23 significant uncertainty for the [Old Pacific Steel] bankruptcy estate for future distributions.”).

24 51. The cash portion of the APA purchase price was \$10,300,000 but the final amount
25 was reduced to \$7,976,362 as a result of an adjustment feature pegged to Old Pacific Steel Debtors’
26 working capital on the closing date, namely, the difference between \$26,853,679 and the Old Pacific
27 Steel Debtors’ net working capital on the closing date, which was determined to be \$24,530,041. A
28 significant component of the consideration constituting the purchase price was New Pacific Steel’s

1 assumption of the Debtor's obligation to pay the Withdrawal Liabilities, which the Old Pacific Steel
2 Debtors stated in the amount of approximately \$32.1 million in their *Motion to Approve Overbid*
3 *Procedures Re Sale of Debtors' Assets and Related Relief*, and which Speyside Fund valued for
4 purposes of the APA at \$22.2 million.

5 52. The APA was structured as an LBO. While Speyside Fund infused \$2,500,000 of
6 cash (its \$500,000 earnest money deposit plus \$2,000,000 at closing), New Pacific Steel (rather than
7 Speyside Fund) borrowed \$3,384,271 of the purchase price under a revolving line of credit and
8 \$1,400,000 as a loan from Siena Lending Group LLC ("Siena") to fund the balance of the purchase
9 price and certain closing costs.

10 53. In August 2014, New Pacific Steel was registered with the California Secretary of
11 State. Speyside Fund assigned the assets and liabilities it acquired in the APA from Old Pacific
12 Steel to New Pacific Steel.

13 54. At all material times, the Debtor was owned by Speyside Fund, Alcast, Venkatesan,
14 Stone and Wiklendt. In turn, Speyside Fund was owned by Speyside Equity, TD Trust, PD Trust,
15 Sylvester, Stone, and RataxasCo.

16 **C. The Scheme to Create Phantom Income for the Purpose of Making Distributions**
17 **to the Owner Defendants**

18 55. A review of the Debtor's books and records reflects that, from its creation, the
19 Management Defendants and New Pacific Steel's Accountants never accounted for the Debtor's
20 Withdrawal Liabilities. The Debtor's 2014 audited financials reflected total assets of \$26,250,278
21 and only \$7,874,222 in total liabilities. These audited financials both did not include any liabilities
22 associated with the Withdrawal Liabilities, and included as assets inventory valuations that were
23 vastly inflated relative to their then market value.

24 56. In point of fact, almost \$11 million of the Debtor's 2014 reported net income came
25 from the improper bargain purchase gain, another \$1 million in net income came from an
26 unsubstantiated favorable inventory variance adjustment, and the 2014 financial statement reflected
27 that somehow New Pacific Steel was earning over \$1 million per month even though Old Pacific
28

1 Steel had been losing approximately \$1 million per month while in chapter 11. In total, the Debtor
2 reported a 23% gross profit, which was over two times higher than the previous four years on record.

3 57. The Management Defendants caused New Pacific Steel to recognize on its books a
4 bargain purchase gain by ignoring and not accounting for the Withdrawal Liabilities New Pacific
5 Steel had assumed, which failure did not conform with generally accepted accounting practices
6 (“GAAP”). Rather, New Pacific Steel’s Accountants, based upon the information provided by the
7 Management Defendants and despite having the APA, simply added the cash on hand
8 (\$1,064,3313), accounts receivable (\$10,624,099), inventory (\$6,49,211), and property and
9 equipment (\$4,717,560), and subtracted assumed liabilities (\$3,585,741 – which did not include the
10 Withdrawal Liabilities) and determined that the Debtor had net assets of \$18,951,442. The
11 Accountants then subtracted \$7,976,362, the cash sale price (as adjusted), resulting in bargain
12 purchase gain of \$10,975,080. To date, the Trustee has not seen any evidence that either the
13 Management Defendants or the Accountants ever valued New Pacific Steel’s obligations with
14 respect to the Withdrawal Liabilities. Ignoring 100% of that liability resulted in the mirage of a
15 \$10,975,080 surplus obscuring the reality of the Debtor’s \$26 million negative net worth.

16 58. Even had the Accountants discounted the Withdrawal Liabilities to account for the
17 possibility that Old Pacific Steel would never become obligated therefor (New Pacific Steel assumed
18 the obligation in the first instance to pay any amount that would be payable by the Old Pacific Steel
19 Debtors), even a liberal 50% reduction would still have erased the entirety of the purported bargain
20 purchase gain, even without further discounting the asset values in respect of the inflated inventory
21 valuation. Evidencing bad faith, there was not even a footnote in the audited financials identifying
22 the existence of this material liability. Moreover, it is clear from future actions by the Management
23 Defendants that, even when the Withdrawal Liabilities were all but certain to arise and become fixed
24 (such as in 2017, when the bond securing the Withdrawal Liabilities was cancelled), the
25 indemnification obligation with respect to the Withdrawal Liabilities were never accounted for on
26 New Pacific Steel’s books.

27 59. The Owner Defendants, and the Accountants on their behalf, ignored the contingent
28 liabilities when it suited them, notwithstanding that the Owners Defendants has highlighted them

1 during the APA negotiations. In fact, during negotiations with Old Pacific Steel that ultimately
2 resulted in the APA confirmed by this Court, the Owner Defendants themselves assigned a
3 substantial valuation to the contingent liabilities. In other words, the Owner Defendants represented
4 to Old Pacific Steel (and ultimately this Court) that their assumption of obligations associated with
5 Old Pacific Steel's contingent liabilities were worth approximately \$22.2 million in consideration,
6 and reduced their cash offer accordingly.

7 60. Based upon the phantom income realized by ignoring the Withdrawal Liabilities and
8 inflating the inventory and the value of the fixed assets, the Owner Defendants received \$10,748,177
9 as the Initial Illegal Distributions, as set forth in **Exhibit 3** hereto and incorporated by reference.

10 61. The Trustee is informed that each of the Subsequent Transferee Defendants received
11 certain of the transfers listed above by way of subsequent transfers from Speyside Fund based on the
12 Subsequent Transferee Defendants' respective membership interests in Speyside Fund.

13 62. Of note, most of these funds were distributed *before* the auditors issued New Pacific
14 Steel's 2014 audited financial statement. Thus, the Owner Defendants began to dissipate New
15 Pacific Steel's assets without the benefit of audited financials to confirm (or to question) their
16 calculations. On information and belief, the Owner Defendants knew from the outset that the
17 Accountants would aid them in cooking New Pacific Steel's books. In turn, the Accountants knew
18 that the Owner Defendants would rely on their misleading financial calculations as cover for the
19 Initial Illegal Distributions and, further, that Management Defendants would rely on these
20 misleading financials to secure loans and to secure acquiescence from New Pacific Steel's lender to
21 at least some of the Initial Illegal Distributions. On information and belief, the Accountants were
22 greatly enriched and motivated by the fees they earned from the Debtor and may have had a pre-
23 existing relationship with certain of the Defendants.

24 63. Of great significance, the Management Defendants began making the bulk of the
25 Initial Illegal Distributions to the Owner Defendants *after* oil prices had dropped precipitously,
26 which drop in prices the Management Defendants have identified as the significant factor in the
27 decline in New Pacific Steel's business. Oil prices, which were as high as \$105 dollars per barrel in
28 June 2014, were down to \$93 dollars in September 2014 and further down to \$59 by December 2014

1 and \$47 by January 2015. The Management Defendants knew no later than January 2015 that the
2 drop in oil prices would have an adverse impact on new Pacific Steel's revenues and long term
3 viability but, nevertheless, continued to funnel money from New Pacific Steel to the Owner
4 Defendants. Thus, rather, than retaining the purported profits to navigate the anticipated financial
5 downturn that the Management Defendants believed was certain to result from the drop in the price
6 of oil (at least with respect to New Pacific Steel's customers that were in the oil and gas industry),
7 the Management Defendants took almost the entirety of the purported bargain purchase gain for the
8 Owner Defendants' personal benefit and that of the Subsequent Transferee Defendants. Indeed, the
9 conduct of the Management Defendants reflects that they had no intention of keeping New Pacific
10 Steel's business alive for any significant length of time, despite their contrary representations to the
11 Old Pacific Steel Debtors and this Court in connection with negotiating and obtaining this Court's
12 approval of the APA.

13 **D. The Management Defendants' Scheme to Inflate the Value of the Debtor's**
14 **Inventory and Fixed Assets**

15 64. In addition to the failure to account for the Withdrawal Liabilities in determining the
16 Debtor's wherewithal to make distributions to the Owner Defendants, the Management Defendants
17 with the assistance of the Accountants also grossly inflated the true value of New Pacific Steel's
18 inventory and fixed assets in order to justify the purported bargain purchase gain.

19 65. A December 2013 inventory analysis appraised Old Pacific Steel's inventory at
20 \$2,010,000. The \$2 million figure was also used by Old Pacific Steel in its monthly operating
21 reports filed with the Court. Yet, New Pacific Steel's 2014 audited financials increased the
22 inventory to \$6,491,211. Likewise, an October 2013 analysis appraised Old Pacific Steel's property
23 and equipment at \$3,498,921. Yet, New Pacific Steel's 2014 audited financials inexplicably
24 increased the value to \$4,717,560. The Accountant's audit work papers reflect almost no due
25 diligence in ascertaining the fair market value of the inventory. Rather, in large measure the
26 Accountants simply relied on the representations of the Management Defendants.

27 66. The inflated inventory figures did not conform to GAAP. GAAP required the
28 inventory to be valued at the lower of cost or market. Moreover, inventory value needed to be

1 adjusted to account for slow moving or obsolete inventory. In total, the inflated inventory and fixed
2 assets accounted for approximately \$6 million of the purported bargain purchase gain.

3 67. The staggering value given to the inventory was especially suspect given that the
4 Owner Defendants have blamed the precipitous drop in oil prices as the basis for the Debtor's loss of
5 substantial business, notwithstanding that such drop occurred most notably in the latter half of 2014
6 (prior to the Initial Illegal Distributions). Nevertheless, at the end of 2014, the Debtor's inventory
7 was valued at a premium rather than adjusted to account for, among other things, the supposed
8 shrinking of New Pacific Steel's market and the resulting adverse impact on the value of inventory.

9 68. The Management Defendants knew that New Pacific Steel's inventory was materially
10 overstated and, further, purposefully withheld adverse information from third parties, such as lenders
11 regarding the true nature of said inventory. As Stone wrote in April 2015, "we need to be mindful
12 about what we choose to report to Siena [the lender]. The only advance we really have is on[] FG
13 [finished goods], and I don't want to give them a report that tells them 50% of our FG is 'slow
14 moving' – they would immediately decide they should not advance on it." Stone concludes by
15 noting that "[t]here is no way we have \$12.7mm of FG, and it isn't explained by high selling prices
16 for slow moving goods."

17 69. Not surprisingly, by 2016, New Pacific Steel's management and the Accountants
18 acknowledged that the inventory was overvalued by \$1.9 million in 2016, and adjusted its value
19 down accordingly. In 2017, New Pacific Steel and its Accountants recognized that the inventory
20 was overvalued by \$2.1 million and further adjusted it down. In 2018, the Accountants recorded a
21 staggering \$6.28 million downward adjustment to the value of New Pacific Steel's inventory. Had
22 the inventory been valued correctly at market, not cost, it would have been apparent that the
23 inventory figures used in 2014 to help create the bargained purchase gain were wildly inflated. The
24 Debtor's accounting records reflect that its inventory was significantly overvalued by millions of
25 dollars at all relevant times. In fact, as New Pacific Steel's inventory became more and more
26 inflated over time from 2014 through 2017, its financial ratios drifted farther from historical and
27 industry norms. Foundries of similar size typically have inventory as a percentage of assets of
28 approximately 21.6%. The Debtor's inventory as a percentage of assets grew to 28.2% as of

1 12/31/2014, and grew to a staggering 58.9% as of 12/31/2015. In comparison, Old Pacific Steel's
2 ratio of inventory as a percentage of assets never exceeded 25.9% and was typically below 20%.

3 70. The Debtor's accounting records reflect that the Management Defendants and the
4 Accountants provided misleading values for New Pacific Steel's inventory and continued to do so
5 through 2018.

6 71. The Management Defendants and Accountants also improperly inflated the value of
7 the Debtor's fixed assets by almost \$1.5 million and, on information and belief, manipulated the
8 Debtor's balance sheet by understating the cost of goods sold. By overstating inventory and assets
9 and understating cost of goods sold, the Management Defendants and Accountants over-reported net
10 income in 2014 and 2015. When the true value of the inventory and costs of goods sold was later
11 accounted for (over time), the Management Defendants essentially were able to shift (i.e., paper)
12 millions in net income from 2016 to 2018 to 2014 and 2015, while shifting their 2014 and 2015
13 losses to the later period from 2016 to 2018. Had the Management Defendants and Accountants
14 used accurate numbers and followed GAAP standards, the net income in 2014 and 2015 would have
15 been markedly lower, as would the net losses from 2016 to 2018, and the Debtor's business likely
16 would have survived long enough to eliminate the Old Pacific Steel Debtor's Withdrawal Liabilities
17 and New Pacific Steel's indemnification obligation thereof because the Management Defendants
18 would never have been able to justify their looting of the Debtor's assets.

19 **E. The Management Defendants Looted Available Cash While New Pacific Steel's**
20 **Income Was Plummeting, And Wrongfully Diverted Customers' Business**

21 72. On a month-to-month basis beginning in late 2014, New Pacific Steel's revenue
22 dropped precipitously. New Pacific Steel's monthly sales dropped over the nine month period of
23 January 2015 through September 2015, from \$8,926,366 to \$2,262,314, reflecting a staggering 75%
24 drop in sales as between those two months. Had sales remained even from January to September
25 2015, New Pacific Steel sales would have been \$80,337,294. Instead, sales were only \$48,896,485
26 during that period; the "new normal" was a company with monthly sales of less than \$2,000,000 per
27 month.
28

73. An analysis of sales to the Debtor's top customers in 2015 and 2016, illustrates this sharp decline in business while the Owner Defendants were looting New Pacific Steel's coffers for the benefit of the Owner Defendants. The following chart reflects the drop in orders from 2015 to 2016 for five of New Pacific Steel's top twelve customers:

Customer Code	2015 Orders	2016 Orders	Percentage Decline
NOVMEX	\$10,653,382	\$902,514	-92%
VARCOOR	\$8,832,466	\$959,270	-89%
FAIRFLD	\$4,470,187	\$175,707	-96%
MCKISSIC	\$2,758,495	\$28,161	-99%
VARCONE	\$2,024,328	\$31,223	-98%

74. These five customers almost completely stopped ordering from New Pacific Steel beginning in mid-2015. In total, the decline in sales to the top 12 customers was over 75% year to year from 2015 and 2016, with the primary decline beginning at the start of 2015. Two other top-12 customers, Kenworth and Peterbilt, for example, who were not in the oil and gas sector, had declines of 56% and 37%, respectively, from 2015 to 2016.

75. If the driving force of the massive decline in New Pacific Steel's sales were the precipitous drop in oil prices (which would still not explain the precipitous decline of New Pacific Steel's income given only about half of its customers were in the oil sector), this does not explain or excuse the Defendants' wrongful conduct and omissions. These market dynamics should have alerted the Management Defendants, and on information and belief it did alert them, that New Pacific Steel would have an increased need for its cash to weather the economic storm of the market challenges caused by the suddenly falling price of oil. Moreover, to the extent the sharp drop in oil prices caused a downward shift in demand for New Pacific Steel's products, that reduced demand lowered the value of New Pacific Steel's inventory. This was a "red flag" alert to the folly of the bargain purchase gain the Owner Defendants had erroneously identified to support the Initial Illegal Distributions. Indeed, if the drop in the price of oil were an existential threat to the Debtor, as the Management Defendants have asserted, then the Owner Defendants should not have taken a penny

1 from New Pacific Steel until such time as the price of oil normalized and the negative impact on
2 sales was corrected. In any event, the drop in oil prices militated against distributing cash to equity
3 holders.

4 76. Moreover, if the driving force in the massive decline in New Pacific Steel's sales was
5 the precipitous drop in oil prices, the bulk of that drop took place largely in 2014. New Pacific
6 Steel's monthly sales in October 2014 were \$10,596,261, but fell to \$7,222,273 in December 2014.
7 The sharp drop in oil prices was known to market participants, including the Management
8 Defendants, by no later than January 2015. Assuming the drop in the price of oil materially
9 impacted sales, the Management Defendants and Owner Defendants were aware of that drop no later
10 than January 2015, before Owner Defendants took for themselves the \$14 million.

11 77. Notwithstanding that New Pacific Steel's orders and revenues were plummeting, the
12 Management Defendant's caused the Owner Defendants to receive most of the Initial Illegal
13 Distributions during this period (not inclusive of the \$3.6 million 2018 Illegal Distribution or the
14 portions of the Initial Illegal Distributions paid in 2014 and 2016):

Month	Sales	Decline	Initial Illegal Distributions
January 2015	\$8,926,366		\$6,141,392
February 2015	\$8,566,036	(\$360,330)	
March 2015	\$6,206,510	(\$2,359,526)	
April 2015	\$6,879,808	\$673,298	\$3,013,390
May 2015	\$5,819,566	(\$1,060,242)	
June 2015	\$4,508,713	(\$1,310,583)	\$1,197,228
July 2015	\$2,815,570	(\$1,693,143)	
August 2015	\$2,911,602	\$96,032	
September 2015	\$2,262,314	(\$649,288)	
October 2015	\$2,559,471	\$297,157	
November 2015	\$2,302,353	(\$257,118)	
December 2015	\$1,805,538	(\$496,815)	
		TOTAL:	\$10,352,010

1 78. Thus, from January 2015 through September 2015, monthly sales dropped from
2 \$8,926,366 to \$2,262,314, reflecting a staggering 75% drop in sales as between those two months.
3 Assuming that sales had remained even from January to September 2015, New Pacific Steel sales
4 would have been \$80,337,294. Instead, sales were only \$48,896,485 during that period, and the
5 “new normal” was a company with monthly sales of less than \$2,000,000 going forward.

6 79. On information and belief, New Pacific Steel’s top customers and others stopped
7 doing business with New Pacific Steel, at least in part, because the Management Defendants diverted
8 the business and customers to other foundries owned by, or affiliated with, the Management
9 Defendants and/or the Owner Defendants.

10 80. On information and belief, many of New Pacific Steel’s customers stopped doing
11 business with New Pacific Steel because the Management Defendants routed the Debtor’s business
12 to other foundries owned by the Management Defendants or for other reasons, and not simply
13 because of any downturn in the price of oil. In total, the decline in sales to the Debtor’s top 12
14 customers was over 75% year over year, 2015 and 2016, with the primary decline beginning at the
15 start of 2015. Two other top-12 customers, Kenworth and Peterbilt, for example, who were not in
16 the oil and gas sector, had declines of 56% and 37% from 2015 to 2016.

17 81. If the drop in the price of oil was the existential threat to the Debtor, as the
18 Management Defendants have asserted, the Owner Defendants should not have taken a penny from
19 New Pacific Steel until such time as the price of oil normalized and the negative impact on sales was
20 absorbed and, further, New Pacific Steel’s inventory should have plummeted in light of the just-in-
21 time nature of its production. On information and belief, the Management Defendants caused New
22 Pacific Steel to create more inventory than was reasonably necessary solely as part of its scheme.

23 82. To this day, Speyside Fund’s website continues to tout its acquisition of Pacific Steel,
24 which it claims “generates close to \$100 million (US) in revenue in three plants at the Berkeley site.”
25 This, despite that under its ownership, New Pacific Steel’s annual sales fell by almost half (about
26 \$50 million) in 2015, its first full year of ownership. Annual sales fell by more than half again the
27 next year, 2016, to less than \$20 million.
28

F. The Management Defendants Wrongfully Characterized the Capital Contributions, Made After the Initial Illegal Distribution Had Left the Debtor Undercapitalized, as a Loan Rather Than Equity

83. New Pacific Steel procured an asset-based loan from Wells Fargo Bank (“Wells Fargo”) and a revolving line of credit in June 2015 with up to \$13.6 million in available credit minus any usage on the Debtor’s letter of credit (the “Wells Fargo Credit Agreement”). At the end of June 2015, New Pacific Steel had an outstanding loan amount of approximately \$1,400,000 and net availability on the line of credit of \$5,125,687. By October 31, 2016, the Debtor had a letter of credit balance of \$1,175,000, an outstanding loan balance of \$1,908,194, and only \$195,751 in available funds.

84. Wells Fargo’s borrowing base certificates reflect that the Owner Defendants’ prior looting of the Debtor’s coffers, combined with Management Defendants unsubstantiated and inflated inventory valuation numbers and the substantial loss of business, had a catastrophic effect on the health of the Debtor, and thus significantly impacted the amount of credit available under the Wells Fargo Credit Agreement.

85. By no later than July 31, 2016, thirteen months after securing the Wells Fargo Credit Agreement, New Pacific Steel was in default under its loan covenants. As of September 2016, New Pacific Steel already owed \$1.8 million on the line of credit at LIBOR plus 3% interest and had no working capital to function as a cushion. The prior Initial Illegal Distributions thus foreclosed the possibility of increasing New Pacific Steel’s borrowing under the Wells Fargo Credit Agreement for operating capital the Debtor desperately needed.

86. Given New Pacific Steel’s dire predicament, which only served to increase the likelihood that it would fail in the latter part of 2016 and be liable in full for the Withdrawal Liabilities (as well as for the Initial Illegal Distributions), by no later than late-October 2016, the Owner Defendants had no choice but to later repatriate some of the monies they took.

87. On October 28, 2016, the Management Defendants and the Owners Defendants caused the Debtor to execute a subordinated secured note in the principal amount of \$1 million in favor of Speyside Fund, Alcast, and Venkatesan, who are defined as “lenders” in the agreement.

1 Two months later, on December 30, 2016, the Debtor executed a second subordinated secured note
2 in favor of Speyside Fund, Alcast, and Venkatesan in the principal amount of \$4 million, increasing
3 its purported “indebtedness” to its members to \$5 million (the two notes are collectively referred to
4 herein as the “Subordinated Notes”). Speyside Fund was designated as the administrative agent
5 under the Subordinated Notes. On information and belief, New Pacific Steel’s entry into each of the
6 Subordinated Notes alone constituted a default under the Wells Fargo Credit Agreement.

7 88. Despite the fact that Owner Defendants purported to “loan” money back to the Debtor
8 beginning in October 2016, the Owner Defendants did not enter into a subordination agreement with
9 Wells Fargo until July 2017.

10 89. Internally, the Owner Defendants recognized the Capital Contribution for what it
11 was—a repatriation of prior returns on investment. Not surprisingly, the funds provided by the
12 Owner Defendants to the Debtors pursuant to the Subordinated Notes were in proportion to their
13 Class A and Class B membership interests (as Class C members were not required to contribute),
14 reflecting that the monies they transferred to Debtors were in fact intended as a Capital Contribution.
15 In point of fact, the owners of Speyside Fund—the Subsequent Transferee Defendants—each
16 returned their proportionate share of capital to Speyside Fund which, in turn, provided that returned
17 capital to the Debtor. In total, Owner Defendants (save for Wiklendt who only had a Class C
18 membership) infused the Debtor with capital contributions totaling \$3,950,000, as set forth in
19 **Exhibit 4** hereto and incorporated by reference (i.e., the Capital Contribution).

20 90. There is no indication from the Debtor’s books and records that this was an arms-
21 length transaction, that the terms of the purported loan were shopped to legitimate prospective
22 lenders, or that any measures were taken to distinguish and protect the interest of the purposed
23 lender from those of its alleged borrower. There is no evidence that New Pacific Steel sought a loan
24 from any outside entity prior to turning to its members for assistance, nor is there any evidence that
25 the Debtor ever made any determination as to whether it should take any sort of action to recover the
26 Initial Illegal Distribution through any formal means, or to protect the Debtor’s interest in its claims
27 for such illegal dividends by a tolling agreement or any other mechanism to protect the Debtor’s
28 interests from the financial pillaging of its insiders. Rather, the purported loan was a transaction

1 between the Owner Defendants and New Pacific Steel necessitated by the Owner Defendants'
2 wholesale looting of New Pacific Steel's assets the prior year. The control element suggests that
3 Owner Defendants were in the position to contrive a fictional debt and they did so by essentially
4 returning some of the money they improperly took in the first instance in direct proportion to the
5 percentages in which such monies were distributed in connection with the Initial Illegal
6 Distributions.

7 91. Thus, it is not surprising that internally, Owner Defendants referred to the repatriation
8 of these monies as a "Capital Contribution," rather than a loan. On information and belief, Owner
9 Defendants made the Capital Contribution on the belief that if they kept the Debtor's business alive
10 long enough, they might escape liability for their initial disbursement of over \$10 million of the
11 Debtor's assets to themselves. By disguising it as a loan, the Owner Defendants further sought to
12 insulate them from losing this capital infusion as New Pacific Steel hurdled towards bankruptcy.

13 92. The Management Defendants advised its unions, when New Pacific Steel was
14 negotiating concessions in 2017 based on the Owner Defendants' contention that the Debtor was in
15 financial difficulty because of the drop in the price of oil, that the "[s]hareholders **contributed**
16 \$2mm during 2016 to bolster the balance sheet" and "[s]hareholders have agreed to **contribute** an
17 ADDITIONAL \$2mm to support the business plan in 2017" if certain concessions from others was
18 obtained. Of course, the Management Defendants not only misled the unions by suggesting that the
19 shareholders were making a "contribution" to provide "adequate working capital," given that the
20 Management Defendants had papered the transaction as a secured loan and not a capital
21 contribution, but failed to mention the almost \$11 million the Owner Defendants had siphoned from
22 New Pacific Steel, let alone that this was the true cause of the Debtor's financial crisis. The
23 Management Defendants also advised that [t]he issue is matching cost with sales, there is not a
24 balance sheet problem here" when, in fact, the Debtor's balance sheet was exactly the problem since
25 its inception.

26 93. New Pacific Steel also entered into a rent deferral agreement whereby the Debtor
27 received a temporary deferral on its base rent for the months of February through July 2017 in the
28 amount of \$267,324. The Management Defendants also sought concessions with respect to its health

1 and welfare fund contributions. In other words, the Management Defendants misrepresented to
2 creditors the bona fides of their efforts and stopped paying legitimate debts of New Pacific Steel to
3 ensure there would be sufficient funds to create a return on the Capital Contribution prior to a
4 bankruptcy filing—again elevating their personal interests above their fiduciary obligations to New
5 Pacific Steel and its creditor body.

6 94. Despite the Capital Contribution, New Pacific Steel remained in default of the
7 covenants in the Wells Fargo loan and entered into a forbearance agreement in July 2017
8 acknowledging that the New Pacific Steel was in default from July 2016 through May 2017.

9 **G. Management Defendants’ Conduct Ensured the Contingent Liability, Triggered**
10 **by the Debtor Not Surviving Five Years, Would Arise, Which It Did.**

11 95. The Management Defendants’ own conduct, beginning with the Initial Illegal
12 Distributions, ensured that New Pacific Steel would not survive as a going concern for the five year
13 term required to eliminate Old Pacific Steel’s liability for the Withdrawal Liabilities, which liability
14 New Pacific Steel had assumed pursuant to the APA. Indeed, the fact that sales fell off the
15 proverbial “cliff” no later than mid-2015 indicated that New Pacific Steel would not have sufficient
16 revenue to survive, including especially in light of the Owner Defendants’ ongoing dissipation of the
17 Debtor’s assets to fund transfers to themselves.

18 96. By no later than 2016, it became apparent that it would be difficult if not impossible
19 for New Pacific Steel to survive as a going concern. Notwithstanding the loss of a substantial part of
20 its business, its need for a substantial cash infusion, and the Accountants’ belief that New Pacific
21 Steel would likely not survive as a growing concern, New Pacific Steel’s 2016 audited financial
22 statement does not reflect any liability with respect to the Withdrawal Liabilities.

23 97. In 2017, several events occurred that should have caused a realization of the entirety
24 of the Withdrawal Liabilities on New Pacific Steel’s financial statements. In addition to the rent
25 deferral, by May 2017 New Pacific Steel had ceased paying bills timely, and in September 2017,
26 New Pacific Steel announced that it would close within 60 days notwithstanding the Capital
27 Contribution. Trade payables more than tripled from approximately \$600,000 as of May 30, 2017,
28 to approximately \$2.2 million by December 31, 2017, at which time over \$1 million was over 120

1 days past due. By September 2017, New Pacific Steel also indicated that it would route its business
2 to another entity owned by or affiliated with the Management Defendants, Sawbrook Steel. All of
3 this was occurring on top of the fact that the bond posted for the Withdrawal Liabilities had been
4 cancelled and New Pacific Steel had stopped making payments on the Pension Liabilities in 2017.
5 New Pacific Steel made no pension plan payments in 2018.

6 98. By November 2017, the Management Defendants had received notice from New
7 Pacific Steel's workers' compensation insurer that its workers' compensation insurance policy was
8 being cancelled because it was \$735,704 in arrears on premiums owed. The Management
9 Defendants also sought to approach New Pacific Steel's landlord to defer paying upcoming property
10 taxes and the already deferred portion of the rent. By November 2017, the Management Defendants
11 primary goal was "to avoid the cash outlay" and to find "an opportunity to run longer [past February
12 28, 2018] and pay down the subordinated debt"—*i.e.*, keep New Pacific Steel open but without
13 paying its legitimate creditors for the purpose of repaying the Owner Defendants for the Capital
14 Contribution that had been disguised as a loan. In other words, the Management Defendants kept
15 New Pacific Steel's doors open in 2018 for the primary purpose of paying the Owner Defendants the
16 2018 Illegal Distribution.

17 **H. The Owner Defendants Caused New Pacific Steel to Repay the Capital**
18 **Contribution While the Company Was Insolvent,**

19 99. Once the Management Defendants decided in the latter half of 2017 to cease New
20 Pacific Steel's operations, they implemented a strategy to facilitate making the 2018 Illegal
21 Distribution and funnel New Pacific Steel's remaining cash to the Owner Defendants to "pay off"
22 the equity infusions they had disguised as loans. As the "administrative agent" under the notes,
23 Speyside Fund received the vast majority of the 2018 Illegal Distribution, as set forth on **Exhibit 5**
24 and incorporated herein by this reference. In total, the Management Defendants caused
25 approximately \$3.6 million to be distributed to the Owner Defendants.

26 100. During this time, among other things, the Management Defendants entered into a
27 forbearance agreement with Wells Fargo, which acknowledged that New Pacific Steel was in default
28

1 of the Wells Fargo loan. This default prohibited New Pacific Steel from paying any monies to the
2 Owner Defendants under their purported loan.

3 101. In turn, in 2018 Wells Fargo began sweeping New Pacific Steel's bank account on a
4 daily basis to pay off the Wells Fargo loan. On information and belief, once the Wells Fargo loan
5 was paid off in May 2018, the Management Defendants advised Wells Fargo that New Pacific Steel
6 would no longer post a letter of credit necessary to insure its workers' compensation liability so as to
7 eliminate any obligation owed to Wells Fargo and free up money for New Pacific Steel. The Owner
8 Defendants then began a weekly sweep of their own of New Pacific Steel's bank accounts, for the
9 benefit of the Owner Defendants, resulting in approximately \$3.6 million in distributions to the
10 Owner Defendants over four months, which the Trustee alleges constitutes the 2018 Illegal
11 Distribution.

12 102. On information and belief, the Subsequent Transferee Defendants received their share
13 of the 2018 Illegal Distribution as subsequent transferees pro rata to their interests in Speyside Fund.

14 103. Moreover, and in order to facilitate payment back to the Owner Defendants prior to
15 the Petition Date, the Management Defendants caused New Pacific Steel to cease paying vendors or,
16 at a minimum, delay such payments, and convince creditors to make concessions based on materially
17 false representations by the Management Defendants (as discussed above) in order to free up monies
18 to be distributed to the Owner Defendants. The Management Defendants also canceled insurance,
19 and failed to fund their ongoing pension obligations and workers compensation obligations. In other
20 words, New Pacific Steel was kept out of bankruptcy in 2018 despite the fact that it was not paying
21 the vast majority of its bills on a timely basis, solely to enable the Owner Defendants to loot New
22 Pacific Steel to recover, as much as possible, the Capital Contribution made in 2016 and 2017.

23 **I. The Management Defendants' Wrongful Scheme Directly Caused The Debtor to**
24 **Suffer Tens of Millions of Dollars in Liability**

25 104. By October 2017, New Pacific Steel had retained the law firm of Wendel Rosen
26 Black & Dean, LLP as bankruptcy counsel. Having prior to the APA expended "deep resources" to
27 ensure there would be no successor liability, in 2017 the Owner Defendants allowed the bond posted
28 to cover Old Pacific Steel's Withdrawal Liabilities to be cancelled and Old Pacific Steel was then

1 obligated for the full amount of the Withdrawal Liabilities. The APA imposed that primary liability
2 on New Pacific Steel, as noted.

3 105. On information and belief, the Management Defendants negotiated with union
4 representatives in late-2017 and early-2018, convincing them to not seek a lien against New Pacific
5 Steel's assets, though the union had a right to such lien based upon New Pacific Steel's default on its
6 pension obligations, by contending such lien would cause Wells Fargo to cancel its funding which
7 would, in turn, deprive New Pacific Steel of any ability to pay its debts to the detriment of the union.
8 At that time, the Management Defendants represented to and promised the union representative that
9 no junior debt was being paid and that the union would be advised before any such payments were
10 made. On information and belief, the union was not advised of the \$3.6 million paid to the Owner
11 Defendants, which payments began in June 2018. On information and belief, New Pacific Steel was
12 kept out of bankruptcy in 2018 for the primary purpose of paying back the Owner Defendants on
13 their Capital Contribution, notwithstanding the retention of bankruptcy counsel in October 2017 and
14 the promise to advise the union if purported secured debt, other than that provided by Wells Fargo,
15 were to receive New Pacific Steel funds.

16 106. By August 2018, New Pacific Steel ceased operations and paid each of its remaining
17 employees a meager \$500 in severance, while the Owner Defendants continued to line their pockets
18 with portions of the 2018 Illegal Distribution through October 1, 2018.

19 107. On the Petition Date, the Debtor indicated that its estimated liabilities were between
20 \$1 million and \$10 million and, specifically, \$3,428,975 in purported secured and unsecured
21 creditors.

22 108. Speyside Fund purports to have a secured claim against the Debtor in the amount of
23 \$823,963, based on the monies it "loaned" to the Debtor pursuant to the Subordinated Notes.

24 109. The Debtor also identified \$1,024,224 in priority unsecured claims and \$1,580,788 in
25 nonpriority unsecured claims.

26 110. The priority claims identified on the Debtor's petition include claims for severance
27 pay, unpaid taxes, and business license fees.
28

111. The Debtor's landlord, Berkeley Properties, is also a creditor and has filed a proof of claim based upon a lease agreement with New Pacific Steel dated August 29, 2014, and for a rental term of 15 years through August 28, 2029.

112. Of note, the reorganized Old Pacific Steel Debtors are not identified as creditors, nor are any of the pension trusts or funds, let alone is there any mention of the massive Withdrawal Liabilities or indemnification obligation thereon in the Debtor's schedules or statement of financial affairs.

113. Those creditors, who were known to the Management Defendants (albeit unscheduled) at the time of the Petition Date, have filed proofs of claim, based on liabilities assumed by the Debtor as part of the APA in 2014. Missing from the Debtor's schedules and statement of financial affairs, as it was throughout New Pacific Steel's existence, were pension liabilities, including those exceeding \$15 million, and a claim by Old Pacific Steel for \$24,294,699 arising from the Debtor's failure to pay the Withdrawal Liabilities. The claims register in the Debtor's case reflects that, exclusive of duplicate claims, total claims are stated in the aggregate amount of \$45,667,632 as of May 31, 2019.

114. There are, at all times mentioned herein with respect to transfers from the Debtor to the Management Defendants and Subsequent Transferee Defendants, creditors holding unsecured claims that are allowable under 11 U.S.C. § 502.

V. CLAIMS FOR RELIEF

FIRST CLAIM FOR RELIEF

ILLEGAL DISTRIBUTIONS AND RECOVERY THEREOF

(As against Owner Defendants and Subsequent Transferee Defendants)

[6 Del. C. § 18-607]

115. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

1 116. The Initial Illegal Distributions and the 2018 Illegal Distribution were illegal
2 dividends paid to the Owner Defendants in violation of Title 6 of the Delaware Code, section 18-
3 607.

4 117. At the time of each of the Initial Illegal Distributions, which transfers are set forth in
5 **Exhibit 3** hereto, the liabilities of the Debtor exceeded the fair value of the Debtor's assets.

6 118. At the time of each of the Initial Illegal Distributions, each Owner Defendant knew or
7 should have known that at the time of such distribution, the Debtor's liabilities exceeded the fair
8 value of the Debtor's assets, such that the distribution was improper and in violation of the Delaware
9 Limited Liability Company Act as well as the Debtor's own operating agreement.

10 119. Upon information and belief, no management of the Debtor (other than the
11 Defendants) had or could have had knowledge of sufficient facts to put them on inquiry which, if
12 pursued, would have led to discovery of the illegality of the Initial Illegal Distributions until no
13 earlier than the appointment of the Trustee, after the Debtor's Petition Date, *i.e.*, January 25, 2019.

14 120. Similarly, at the time of each of the 2018 Illegal Distributions, which transfers are
15 identical to the "1-Year Insider Transfers" defined below and set forth in **Exhibit 5** hereto, the
16 liabilities of the Debtor exceeded the fair value of the Debtor's assets.

17 121. At the time of each of the 2018 Illegal Distributions, each Owner Defendant knew or
18 should have known that at the time of such distribution, the Debtor's liabilities exceeded the fair
19 value of the Debtor's assets, such that the distribution was improper and in violation of the Delaware
20 Limited Liability Company Act as well as the Debtor's own operating agreement.

21 122. Accordingly, the Trustee is entitled to recover the 2015 and 2018 Illegal
22 Distributions, **Exhibits 3 and 5**, for the benefit of the Debtor's Estate and its creditors, from the
23 Owner Defendants. To the extent the Owner Defendants acted merely as a conduit for the
24 Subsequent Transferee Defendants, the Trustee seeks recovery of the Initial Illegal Distributions and
25 2018 Illegal Distributions from the Subsequent Transferee Defendants as well.

SECOND CLAIM FOR RELIEF

BREACH OF FIDUCIARY DUTY

(As against the Management Defendants)

123. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

124. As a result of their positions as managers and/or officers of the Debtor, the Management Defendants, and each of them, owed a fiduciary duty to the Debtor, including but not limited to a duty of loyalty, good faith and fair dealing, and an obligation to perform his/her/its duties as a reasonable person would do as a fiduciary of a business, using his/her/its judgment in the best interests of the business.

125. Furthermore, in light of the fact that the Debtor was insolvent on a balance sheet basis at all times relevant to this Complaint, including, without limitation, as of September 12, 2014 (and through the Petition Date), the Management Defendants owed such duties to the Debtor's creditors individually and *en masse*, to avoid actions that divert, dissipate, or unduly risk corporate assets that might otherwise be used to pay creditors claims. In this regard, the Management Defendants had a duty, among other things, to avoid self-dealing.

126. The Management Defendants, and each of them, acting in his/her/its capacity as managers and/or officers breached his/her/its fiduciary duties owed to the Debtor by, among other things,

- a. "cooking" the Debtor's books by improperly reflecting a bargain purchase gain and inflating the value of the Debtor's assets, in order to justify the Initial Illegal Distributions, which commenced prior to the Owner Defendants even receiving audited financial information from the accountants;
- b. authorizing and, as to the Owner Defendants and the Subsequent Transferee Defendants, receiving the Initial Illegal Distributions, which caused the Debtor to be substantially without assets to sustain its business during

downturns in the economy, among other things, and ensured that the Debtor would never be able viable in the long-term;

- c. allowing the Owner Defendants to paper the Capital Contribution as a loan when it was in fact an infusion of equity capital;
- d. authorizing payments to the Owner Defendants and the Subsequent Transferee Defendants via the Initial Illegal Distributions and 2018 Illegal Distributions at times when the Debtor was insolvent and unable to pay its debts on a current basis as they became due;
- e. failing to act as reasonably careful managers and officers by misrepresenting the state of the Debtor's financial affairs in negotiations with unions and failing to pay the Debtor's debts as they became due in order to ensure there would be sufficient funds to make the 2018 Illegal Distribution; and
- f. failing to protect against or otherwise allowing the diversion of the Debtor's business to companies affiliated with one or more of the Defendants to the Debtor's detriment, such as, for example, to Sawbrook Steel.

127. All of the within described wrongful actions and omissions of the Management Defendants occurred in the course of the Management Defendants' employment for the benefit of the Debtor.

128. As a direct and proximate result of the Management Defendants' breaches of fiduciary duty, including, but not limited to, authorizing the Initial Illegal Distributions and 2018 Illegal Distributions and favoring insides over legitimate creditors, and the dissipation of corporate assets, the estate and its creditors individually and *en masse*, have been harmed in an amount to be proved at trial, but presently estimated to be in excess of \$40 million.

THIRD CLAIM FOR RELIEF

AIDING AND ABETTING BREACH OF FIDUCIARY DUTY

(As against UHY)

129. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

130. For their part, the Accountants provided material assistance and aided the Management Defendants in breaching their fiduciary duties by providing materially false financial statements, which perpetuated the wholesale failure to account for known liabilities and the unsubstantiated inflation of assets.

131. The Accountants were aware of the APA and the pension underfunded liability status reports. Yet, the Accountants never accounted for the over \$30 million in assumed pension withdrawal liabilities.

132. The Accountants relied upon New Pacific Steel to conduct audits of inventory and, for their own part, conducted superficial and incomplete audits such that, in large measure the Accountants abdicated their responsibilities to the very Management Defendants who were responsible, with the Owner Defendants, for looting New Pacific Steel. Indeed, while the Accountants correctly identified the potential for fraud and overvaluation in the context of private equity firms looking to increase reported earnings, the Accountants purposefully looked the other way with respect to these identified issues and perpetuated the understatement of liabilities and overstatement of assets without a reasonable basis to do so. The Accountants' conduct cannot be attributed solely to mere gross negligence, but evidences an attempt to assist the Management Defendants and Owner Defendants in their scheme to loot the assets of New Pacific Steel.

133. The Accountants' substantial assistance was evident in their financial papers, including but not limited to the Debtor's 2014 audited financial statement, which were relied upon after the fact by the Management Defendants to justify the Initial Illegal Distributions and, further, on information and belief, to secure acquiescence from others, such as lenders, vendors, to provide New Pacific Steel with additional loans and financial concessions and thereby increasing claims

1 against New Pacific Steel. On information and belief, these financial statements were provided by
2 Management Defendants to Wells Fargo, among others, in furtherance of their scheme.

3 134. As a direct and proximate result of the Accountants' aiding and abetting of the
4 Management Defendants, the estate and its creditors individually and *en masse*, have been harmed in
5 an amount to be proved at trial, but presently estimated to be in excess of \$40 million.

6 **FOURTH CLAIM FOR RELIEF**

7 **EQUITABLE SUBORDINATION**

8 **(As Against Defendant Speyside Fund, LLC)**

9 **[11 U.S.C. § 510(c)(1)]**

10 135. Plaintiff realleges and incorporates herein by reference each and every one of the
11 foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in
12 full.

13 136. In the event Proof of Claim Nos. 27 and 29 (a duplicate of No. 27), pursuant to which
14 Speyside Fund asserts an approximate \$828,762 secured claim against the Debtor (the "Speyside
15 Claim") is deemed allowed in any amount, the Trustee seeks equitable subordination of such claim
16 pursuant to 11 U.S.C. §510(c).

17 137. Speyside Fund has engaged in significant inequitable conduct as detailed in this
18 Complaint and its purported "claim" is merely an alleged deficiency in Speyside Fund's capital
19 account, as it arises from the purported "loan" that the Trustee hereby seeks, among other things, to
20 be re-characterized as equity rather than debt.

21 138. Equitable subordination of the Speyside Claim is consistent with the provisions and
22 purposes of the Bankruptcy Code because it is not fair or equitable for Speyside to be paid anything
23 through this estate when its own wrongful conduct caused the demise of the Debtor in the first place,
24 resulting in damages, including over \$40 million in claims asserted in this case, including the
25 Pension Liabilities, Withdrawal Liabilities and liability to the Old Pacific Steel Debtors.

26 139. By reason of the foregoing, the Speyside Claim, if allowed, should be subordinated
27 for purposes of distribution, pursuant to Section 510(c)(1) of the Bankruptcy Code, to general non-
28 priority unsecured claims.

1 **FIFTH CLAIM FOR RELIEF**

2 **AVOIDANCE OF 2-YEAR FRAUDULENT TRANSFERS (ACTUAL INTENT)**

3 **(As against Alcast, Venkatesan, Speyside Fund, and Subsequent Transferee Defendants)**

4 **[11 U.S.C. §§ 548(a)(1)(A) and 550]**

5 140. Plaintiff realleges and incorporates herein by reference each and every one of the
6 foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in
7 full.

8 141. Upon information and belief, during the two-year period immediately preceding the
9 Petition Date, the Debtor made transfers of property to Alcast, Venkatesan, Speyside Fund as set
10 forth in **Exhibit 6** attached hereto and incorporated by reference (collectively, the “2-Year
11 Transfers”) to or for the benefit of Alcast, Venkatesan, Speyside Fund, and each of them, on the
12 dates and in the amounts set forth therein with the actual intent to delay, hinder or defraud the
13 Debtor’s creditors. Each such transfer was made or incurred with actual intent to hinder, delay, or
14 defraud any entity to which the Debtor was or became, on or after the date that such transfer was
15 made, indebted.

16 142. Upon information and belief, each of the Subsequent Transferee Defendants are
17 subsequent transferees of the 2-Year Transfers to Speyside Fund, totaling approximately
18 \$3,434,250.00 identified in **Exhibit 6**, as that term is used in 11 U.S.C. § 550, in amounts according
19 to proof at trial, based on their respective pro rata membership interests in Speyside Fund.

20 143. Accordingly, the 2-Year Transfers are avoidable pursuant to 11 U.S.C.
21 § 548(a)(1)(A).

22 **SIXTH CLAIM FOR RELIEF**

23 **AVOIDANCE OF 2-YEAR FRAUDULENT TRANSFERS (CONSTRUCTIVE FRAUD)**

24 **(As against all Owner Defendants and Subsequent Transferee Defendants)**

25 **[11 U.S.C. §§ 548(a)(1)(B) and 550]**

26 144. Plaintiff realleges and incorporates herein by reference each and every one of the
27 foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in
28 full.

145. Upon information and belief, during the two-year period immediately preceding the Petition Date, the Debtor made the 2-Year Transfers to or for the benefit of Alcast, Venkatesan, Speyside Fund on the dates and in the amounts set forth therein without the Debtor having received reasonably equivalent value in exchange for such transfers, and the Debtor (a) was insolvent on the date that such transfer was made or such obligation was incurred, or became insolvent as a result of such transfer or obligation; (b) was engaged in business or a transaction, or was about to engage in business or a transaction, for which any property remaining with the debtor was an unreasonably small capital; (c) intended to incur, or believed that the debtor would incur, debts that would be beyond the debtor's ability to pay as such debts matured; or (d) made such transfer to or for the benefit of an insider, or incurred such obligation to or for the benefit of an insider, under an employment contract and not in the ordinary course of business.

146. Upon information and belief, each of the Subsequent Transferee Defendants are subsequent transferees of the 2-Year Transfers to Speyside Fund, totaling approximately \$3,434,250 identified in **Exhibit 6**, as that term is used in 11 U.S.C. § 550, in amounts according to proof at trial, based on their respective pro rata membership interests in Speyside Fund.

147. Accordingly, the 2-Year Transfers are avoidable pursuant to 11 U.S.C. § 548(a)(1)(B).

SEVENTH CLAIM FOR RELIEF

AVOIDANCE OF 4-YEAR FRAUDULENT TRANSFERS (ACTUAL INTENT)

(As against all Owner Defendants and Subsequent Transferee Defendants)

[11 U.S.C. § 544(B)(1) and 550; Cal. Civ. Code §§ 3439.04(a)(1) and 3439.07;

6 Decl. C. §§ 1304(a)(1) and 1307]

148. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

149. Upon information and belief, during the four-year period immediately preceding the Petition Date, the Debtor made transfers of property to Alcast, Wiklendt, Stone, Venkatesan, and Speyside Fund as set forth in **Exhibit 7** attached hereto and incorporated by reference (collectively,

1 the “4-Year Transfers”) to or for the benefit of each of the Owner Defendants (Alcast, Wiklendt,
2 Stone, Venkatesan, and Speyside Fund) on the dates and in the amounts set forth therein. Each of
3 the 4-Year Transfers was made or incurred with actual intent to hinder, delay, or defraud any entity
4 to which the Debtor was or became, on or after the date that such transfer was made, indebted.

5 150. Upon information and belief, each of the Subsequent Transferee Defendants are
6 subsequent transferees of the 4-Year Transfers to Speyside Fund, totaling approximately \$6,514,239
7 identified in **Exhibit 7**, as that term is used in 11 U.S.C. § 550, in amounts according to proof at
8 trial, based on their respective pro rata membership interests in Speyside Fund.

9 151. Accordingly, the 4-Year Transfers are avoidable pursuant to 11 U.S.C. § 544, Cal.
10 Civ. Code § 3439.04(a)(2) and 3439.07 / 6 Del. C. § 1304(a)(2) and 1307.

11 **EIGHTH CLAIM FOR RELIEF**

12 **AVOIDANCE OF 4-YEAR FRAUDULENT TRANSFERS (CONSTRUCTIVE FRAUD)**

13 **(As against all Owner Defendants and Subsequent Transferee Defendants)**

14 **[11 U.S.C. §§ 544(b)(1) and 550; Cal. Civ. Code §§ 3439.04(a)(2), 3439.05 and 3439.07;**

15 **6 Del. C. §§ 1304(a)(2), 1305 and 1307]**

16 152. Plaintiff realleges and incorporates herein by reference each and every one of the
17 foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in
18 full.

19 153. Upon information and belief, each of the 4-Year Transfers set forth in **Exhibit 7** was
20 made to Alcast, Wiklendt, Stone, Venkatesan, or Speyside Fund, as applicable, and, upon
21 information and belief to the Subsequent Transferee Defendants without the Debtor receiving a
22 reasonably equivalent value in exchange for such transfers; and the Debtor was insolvent at that
23 time, or the Debtor became insolvent as a result of such transfers. Each of these transfers was made
24 without the Debtor having received reasonably equivalent value in exchange for such transfers, and
25 the Debtor (a) was insolvent on the date that such transfer was made or such obligation was incurred,
26 or became insolvent as a result of such transfer or obligation; (b) was engaged in business or a
27 transaction, or was about to engage in business or a transaction, for which any property remaining
28 with the debtor was an unreasonably small capital; (c) intended to incur, or believed that the debtor

1 would incur, debts that would be beyond the debtor's ability to pay as such debts matured; or (d)
2 made such transfer to or for the benefit of an insider, or incurred such obligation to or for the benefit
3 of an insider, under an employment contract and not in the ordinary course of business.

4 154. Accordingly, the 4-Year Transfers are avoidable pursuant to 11 U.S.C. § 544, Cal.
5 Civ. Code § 3439.05 and 3439.07 / 6 Del. C. § 1305 and 1307.

6 **NINTH CLAIM FOR RELIEF**

7 **AVOIDANCE OF 7-YEAR FRAUDULENT TRANSFERS (ACTUAL INTENT)**

8 **(As against all Owner Defendants and Subsequent Transferee Defendants)**

9 **[11 U.S.C. §§ 544(b)(1) and 550; Cal. Civ. Code § 3439.04(a)(1) and 3439.07;**

10 **6 Del. C. §§ 1304(a)(1) and 1307]**

11 155. Plaintiff realleges and incorporates herein by reference each and every one of the
12 foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in
13 full.

14 156. Upon information and belief, during the seven-year period immediately preceding the
15 Petition Date, the Debtor made transfers of property to Alcast, Wiklendt, Stone, Venkatesan, and
16 Speyside Fund as set forth in **Exhibit 8** attached hereto and incorporated by reference (collectively,
17 the "7-Year Transfers") to or for the benefit of the Owner Defendants (Alcast, Wiklendt, Stone,
18 Venkatesan, and Speyside Fund) on the dates and in the amounts set forth therein with the actual
19 intent to delay, hinder or defraud any of the Debtor's creditors.

20 157. Upon information and belief, each of the Subsequent Transferee Defendants are
21 subsequent transferees of the 7-Year Transfers to Speyside Fund, totaling approximately \$8,914,068
22 identified in **Exhibit 8**, as that term is used in 11 U.S.C. § 550, in amounts according to proof at
23 trial, based on their respective pro rata membership interests in Speyside Fund.

24 158. Upon information and belief, no one (other than the Owner Defendants, and
25 Subsequent Transferee Defendants, as applicable) had or could have knowledge of sufficient facts to
26 put them on inquiry which, if pursued, would have led to discovery of the avoidability of the 7-Year
27 Transfers until no earlier than the appointment of the Trustee, which after the Debtor's Petition Date,
28 *i.e.*, January 25, 2019.

159. Accordingly, the 7-Year Transfers are avoidable pursuant to 11 U.S.C. § 544 and Cal. Civ. Code § 3439.04(a)(1) and 3439.07 / 6 Del. C. § 1304(a)(1) and 1307.

TENTH CLAIM FOR RELIEF

AVOIDANCE OF PREFERENTIAL TRANSFERS

(As against Alcast, Venkatesan, Speyside Fund, and Subsequent Transferee Defendants)

[11 U.S.C. §§ 547 and 550]

160. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

161. Upon information and belief, the Debtor made transfers of property to Alcast, Venkatesan, Speyside Fund, and, upon information belief Speyside Fund made transfers to each of the Subsequent Transferee Defendants, as set forth in **Exhibit 5** attached hereto and incorporated by reference (collectively, the “1-Year Insider Transfers”).

162. Each of the defendants listed in **Exhibit 5**, Alcast, Venkatesan, and Speyside Fund, constitutes an “insider” of the Debtor as that term is used in 11 U.S.C. §§ 101 and 547.

163. Upon information and belief, as a result of the 1-Year Insider Transfers, Alcast, Venkatesan, and Speyside Fund each received more than he/she/it would have received as a creditor in the chapter 7 liquidation had the 1-Year Insider Transfers not been made.

164. At all relevant times, the Debtor was insolvent.

165. Accordingly, the 1-Year Insider Transfers are avoidable pursuant to 11 U.S.C. § 547(b).

ELEVENTH CLAIM FOR RELIEF

RECOVERY OF AVOIDED TRANSFERS

(As against all Owner Defendants and Subsequent Transferee Defendants)

[11 U.S.C. §§ 544 and 550; Cal. Civ. Code § 3439.07]

166. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

167. By reason of the foregoing, the Trustee is entitled to recover for the benefit of the estate the value of the 1-Year Insider Transfers, the 7-Year Transfers, the 4-Year Transfers, and the 2-Year Transfers, plus interest thereon at the maximum legal rate from and after the date of each of such transfers, in sums according to proof but which the Trustee estimates to be the total sums listed on **Exhibits 5 through 8**, respectively, from the Owner Defendants, as applicable, and the Subsequent Transferee Defendants, as applicable, pursuant to 11 U.S.C. §§ 544, 550(a)(1) and/or Cal. Civ. Code § 3439.07 / 6 Del. C. § 1307.

TWELFTH CLAIM FOR RELIEF

DECLARATORY RELIEF

(As against all Owner Defendants)

168. Plaintiff realleges and incorporates herein by reference each and every one of the foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in full.

169. An actual controversy exists between the Trustee, on the one hand, and the Owner Defendants, on the other hand, with respect to the characterization of the Capital Contribution made in 2016 and 2017. Plaintiff contends that the monies provided by the Owner Defendants in 2016 and 2017, as set forth in **Exhibit 4** hereto and incorporated herein by this reference, in substance was a Capital Contribution and was not a loan and, thus, should be re-characterized as equity, not a debt. Although “papered” as a series of loans, this was merely the return of some of the profits the Owner Defendants previously looted from the Debtor by way of the Initial Illegal Distribution, which necessitated the Capital Contribution. Among other things, Plaintiff contends that:

a. There is no evidence that the transaction was arms-length. The Debtors' books and records do not evidence that the Debtor was in the market for or shopped for a loan, received any competitive bids, or considered any other sources;

b. The Debtor already had a conventional loan from Wells Fargo at a much lower interest rate. The Debtor was out of compliance with that loan because of its cash flow, which was the result of the Owner Defendants' prior looting. To the extent that the Debtor could not draw

1 down further on the Wells Fargo loan flowed directly from the Owner Defendants' conduct in
2 improperly depleting the Debtors' assets;

3 c. The Debtor was undercapitalized at the time of the loan because of the
4 Defendants Owners' taking of over \$10 million from the Debtor's coffers (i.e., the Initial Illegal
5 Distributions);

6 d. The "lenders" were the owners of the Debtors. This was an insider
7 transaction;

8 e. The Owner Defendants did not initially subordinate their "loan" to the Wells
9 Fargo loan, and instead did so later than six months after they began to receive returns on some of
10 the monies they took;

11 f. As insiders, the Owner Defendants manipulated payments to other creditors,
12 including workers compensation, pension, rent, and other vendors in order to ensure repayment of
13 their Capital Contribution;

14 g. The intent of the repatriation of funds appears to have been to keep the
15 company alive long enough to cause the running of certain statute of limitations, which limitation
16 periods did not run in any event; and

17 h. The Owner Defendants admitted in writing that this repatriation of funds
18 beginning in late-2016 was a Capital Contribution, not a loan.

19 170. It would be inequitable to allow the Owner Defendants to take more than \$10 million
20 from the Debtor as purported "profits," return a portion of those monies to the Debtor within six
21 months and then charge the Debtor for borrowing its own money. To the extent there was a
22 "lender," it was the Debtor itself as these were the Debtor's funds simply being returned by the
23 Owner Defendants. The need to return the funds to stave off bankruptcy for an additional period of
24 time is evidence that the Owner Defendants should not have taken the Debtor's money, its vital
25 working capital, in the first instance.

26 171. Plaintiff seeks a declaration that the monies returned by the Debtor Owners in 2016
27 and 2017, as reflected on **Exhibit 4** hereto, was not a loan but rather was equity which should be re-
28 characterized as such.

1 **THIRTEENTH CLAIM FOR RELIEF**

2 **CLAIM DISALLOWANCE**

3 **(As Against All Management Defendants and Subsequent Transferee Defendants)**

4 **[11 U.S.C. § 502]**

5 172. Plaintiff realleges and incorporates herein by reference each and every one of the
6 foregoing paragraphs, from paragraph number 1 to this instant paragraph, as if set forth herein in
7 full.

8 173. Upon information and belief, each Management Defendant and Subsequent
9 Transferee Defendant is a transferee of transfers avoidable under either Section 544, 547 or 548 of
10 the Bankruptcy Code and from whom property is recoverable under Section 550 of the Bankruptcy
11 Code.

12 174. As of the filing of this Complaint, only Speyside Fund has filed a claim in the
13 Debtor's Estate, previously defined as the Speyside Claim. Pursuant to Section 502 of the
14 Bankruptcy Code, the Trustee objects to such Speyside Claim and such claim must be disallowed
15 until such time as such Speyside Fund pays to the Trustee an amount equal to the aggregate amount
16 of all transfers made to Speyside Fund, plus interest thereon and costs.

17 175. To the extent any other Defendant later files a claim against the Debtor's Estate, the
18 Trustee reserves objection rights under Section 502 of the Bankruptcy Code. Specifically, pursuant
19 to 11 U.S.C. § 502(d), any and all Claims of all Management Defendants and Subsequent Transferee
20 Defendants and/or assignees of the Management Defendants and Subsequent Transferee Defendants,
21 against the Debtor's Estate must be disallowed until such time as such defendant(s) pays to the
22 Trustee an amount equal to the aggregate amount of all transfers, plus interest thereon and costs.

23 **WHEREFORE**, Plaintiff prays for a judgment hereon ordering the following relief:

3. To the extent any of the Initial Illegal Distributions and/or the 2018 Illegal Distributions, or any portion thereof, was transferred from Speyside Fund to any of the Subsequent Transferee Defendants, return of same from the Subsequent Transferee Defendants in amount(s) according to proof at trial;

6 1. Avoidance of the 4-Year Transfers as set forth on **Exhibit 7**, the exact amount
7 according to proof at trial and the total amount of which presently alleged to be no less than

Attached as Schedule 2.04(a) is a list of the Executory Contracts including the Collective Bargaining Agreement, that are expected to be Assumed Contracts, but the controlling designation of contracts, other than the Collective Bargaining Agreement which must be an Assumed Contract (subject to appropriate modifications agreed to by the parties), shall be in the order allowing and directing assumption and assignment of the Assumed Contracts to Seller. Seller shall also assume, and assign to Buyer, any other Executory Contracts related to the Business and designated by Buyer, in its sole discretion and by written notice to the Seller, for assumption and assignment at any time and from time to time after the Agreement Date and prior to the entry of an order rejecting such Executory Contract. Buyer shall have the sole discretion to remove any Assumed Contract (other than the Collective Bargaining Agreement) previously designated for assumption and assignment, at any time and from time to time prior to the effective date of the assumption by the Seller of such Executory Contract. The Seller shall not reject any Executory Contract without providing Buyer (i) prior written notice of its intent to reject such Executory Contract, (ii) a copy of such Executory Contract, and (iii) the prior opportunity to designate such Executory Contract as an Assumed Contract. If Buyer removes a contract from the "assumed" list after the sale hearing, Buyer shall reimburse the estate for any damages that the bankruptcy estate suffers resulting from the rejection of the contract.

(b) Curing Defaults and Assignment. At Closing, the Seller shall assume each of the Assumed Contracts pursuant to Section 365(a) of the Bankruptcy Code, and sell and assign to Buyer each of the Assumed Contracts pursuant to Sections 363(b), (f) and (m) and 365(f) of the Bankruptcy Code. Buyer shall also provide each non-debtor party with adequate assurance of future performance. The Cure Amounts must be sufficient to relieve Seller from all obligations with respect to defaults arising or existing under the Executory Contracts prior to the Closing Date.

ARTICLE III

PURCHASE PRICE

3.01 Purchase Price.

(a) Good Faith Deposit. Upon execution of this Agreement the Buyer shall pay \$500,000 for deposit into the Binder & Malter LLP Client Trust Account in escrow on behalf of Seller and Buyer by delivery of a cashier's check to Binder & Malter LLP or wire transfer into said account. This is the "Good Faith Deposit."

(b) The purchase price for the Acquired Assets (the "Purchase Price") shall consist of the following:

- (i) \$10,800,000.00;

(ii) the Good Faith Deposit; and

(iv) any additional amount the Buyer chooses, in its sole discretion, to over-bid at the Auction.

The Parties agree that, as of the Agreement Date, not including any amount for overbid at the Auction, the Purchase Price is approximately \$11,300,000.00.

(c) Purchase Price Adjustments.

(i) Determination of Amount. The Purchase Price shall be increased or decreased to account for the difference between \$26,853,679 and the Net Working Capital on the Closing Date. If Net Working Capital is greater on the Closing Date, the Purchase Price shall be increased by the amount of such difference. If Net Working Capital is lower on the Closing Date, then the Purchase Price shall be reduced by such difference. Two (2) business days prior to the Closing Date, Seller shall deliver to Buyer an estimated calculation of Seller's Net Working Capital as of the Closing Date ("Estimated Closing Date Net Working Capital"). The amount of the Estimated Closing Date Net Working Capital shall be used to determine the Purchase Price payable by Buyer (subject to adjustment pursuant to this Agreement) on the Closing Date.

(ii) Procedure. Buyer intends to conduct a physical count of inventory on hand at the Real Property on the Closing Date, and Seller may have representatives present during such count. The results of such physical count shall be binding on the parties as to the volume of inventory on hand at the plant, less damaged or otherwise unsaleable items. Inventory of domestic castings shall be valued for purposes of this Agreement at the amounts per ton set forth on Schedule 3.01(c)(ii). All other inventory elements shall be valued in accordance with GAAP. Accounts receivable shall be valued in accordance with GAAP, consistently applied. Within twenty (20) business days after the Closing Date, Buyer shall deliver to Seller a written and detailed calculation of the Net Working Capital as of the Closing Date as determined by the Buyer along with related work papers, together with a statement of the amount of the Purchase Price adjustment ("Purchase Price Adjustment Statement"). After the delivery of the Purchase Price Adjustment Statement, the Parties shall cooperate in connection with the review of the Purchase Price Adjustment Statement, including reasonable access to materials used in the preparation of the Purchase Price Adjustment Statement. Each Party shall then have thirty (30) days from receipt of the Purchase Price Adjustment Statement to formally notify the other Party of any objections to or disputes of the Purchase Price Adjustment Statement (the "Dispute Notice"). If either Party delivers a Dispute Notice, the Parties shall use reasonable, good-faith efforts to resolve any such objections within ten (10) days following receipt of such Dispute Notice, and if any such objections are so resolved within such ten (10) day period, the Purchase Price Adjustment, with such changes as may have been previously agreed in writing by the Parties, shall be final and binding to the extent of any items no longer in dispute. If all items of dispute are so resolved, the Purchase Price Adjustment Statement (as so modified) shall be conclusive and binding on all Parties. If the Parties fail to reach agreement with respect to all of the matters set forth in the Dispute Notice within the aforementioned ten (10) day period, then they shall, within seven (7) business days thereafter, retain a mutually acceptable national independent accounting firm (the "Independent Accountant"), subject to approval of the

Bankruptcy Court, to resolve any amounts then remaining in dispute ("Disputed Items"), and any amounts not so disputed (the "Undisputed Items") shall be final and binding on the Parties. The Parties shall cooperate fully with the Independent Accountant so as to enable it to make such determination as quickly and as accurately as practicable. The Independent Accountant shall have thirty (30) business days from its selection and appointment to resolve Disputed Items only in writing with an explanation of the basis for its determination, with a copy to all Parties. The Independent Accountants shall only decide the specific items under dispute by the Parties and their decision for each Disputed Item must be within the range of values assigned to each such item in the Purchase Price Adjustment Statement and the Dispute Notice, respectively. The determination of the Independent Accountant shall be final and binding on the Parties, absent manifest error or willful misconduct, and the cost of the Independent Accountant shall be borne by the Party whose position is determined to be the least correct by the Independent Accountant. The Party owing the Purchase Price adjustment amount shall pay such amount to the other Party by wire transfer no later than ten (10) business days following (i) the delivery date of the Purchase Price Adjustment Statement to Seller, or (ii) the Independent Accountant's final determination with respect to the Purchase Price Adjustment Statement, as the case may be.

(d) The Purchase Price shall be paid in part by release to Seller of the Good Faith Deposit, with the remainder paid in Cash (subject to the adjustments set forth herein) at or before the Closing Date.

(e) Prorations. Except for amounts that Buyer must pay with respect to the Assumed Liabilities, Seller shall be responsible for the expenses relating to the Acquired Assets and the Business up to and through the Closing Date, and Buyer shall be responsible for the expenses relating to the Acquired Assets and the Business after the Closing Date (for example *ad valorem* taxes and utilities). Expenses relating to the Acquired Assets up to and through the Closing Date shall be paid by Seller at or before the Closing Date. To the extent that the time period for the assessment of any expenses falls both before and after the Closing Date, then those expenses shall be prorated as of the Closing Date, and, to the extent required, reconciled after the Closing Date.

(f) Allocation of Purchase Price for Tax Purposes. As promptly as practicable following the Agreement Date, Buyer shall deliver to the Seller a schedule, allocating the Purchase Price among the Acquired Assets for all tax and other reporting purposes, which schedule shall be subject to the Seller's consent, not to be unreasonably withheld. After the Seller grants its consent to such schedule, the Seller and the Buyer shall be bound by such allocation (and if necessary, any adjusted allocation), and shall file an Internal Revenue Service Form 8594 and all applicable federal, state, local and foreign income, and excise tax returns in a manner that is consistent with such allocation. If the allocation is disputed by any Governmental Entity, the Party receiving notice of such dispute shall promptly notify the other Party concerning the existence of such dispute and the Parties shall consult with each other with respect to all issues related to the allocation in connection with such dispute. If a different allocation proposed by the Internal Revenue Service (the "IRS") is finally determined, either Party may file amended returns based on such allocation or any other allocation. An allocation shall be considered to be finally determined when such allocation cannot be contested in any court of competent jurisdiction.

(g) Good Faith Deposit. If the Buyer makes a material breach of this Agreement before the Closing Date and such breach continues without cure ten days after Seller's written notice to Buyer of same, then Seller may terminate this Agreement in accordance with Sections 4.02 and 4.03, resulting in the Good Faith Deposit becoming Seller's property, which shall constitute the exclusive relief against Buyer in such event. If any of Seller's representations or warranties were either untrue or inaccurate in a material respect when made or become untrue or inaccurate in a material respect on or before the Closing Date or if the Seller makes a material breach of this Agreement before the Closing Date, and such breach continues ten days after Buyer's written notice to Seller of same, then Buyer may terminate this Agreement in accordance with Sections 4.02 and 4.03 and the Seller shall immediately return the Good Faith Deposit in full. The Good Faith Deposit will become non-refundable property of the Seller if Buyer is approved as the winning bidder by the Bankruptcy Court in the Sale Order, and this Agreement is not timely terminated in accordance with Sections 4.02 and 4.03.

ARTICLE IV

CLOSING AND TERMINATION

4.01 Closing. The consummation of the Transaction (the "Closing") shall take place at a time and date of Buyer's choosing within fifteen (15) business days after the entry of the Sale Order, provided that the Sale Order has not been appealed or stayed, at the offices of Seller's counsel.

- (c) by Buyer, if not in material breach of its respective obligations hereunder, upon a material breach by Seller of any of its representations, warranties, covenants or other obligations hereunder which is not curable or, if curable, is not cured within 10 days after written notice thereof;

- (i) By Buyer, if any of the conditions set forth in Section 9.03 are not satisfied on or prior to the dates designated in Section 9.03 for the satisfaction of such conditions (provided, however, that Buyer is not otherwise in material default under this Agreement or any other agreement that are part of the Transaction);

4.03 Treatment of Good Faith Deposit Upon Termination.

(a) In the event that this Agreement is terminated pursuant to Sections 4.02(a), (c), (d), (e), (f), (g), (h) or (i) above, then the Seller shall immediately return the Good Faith Deposit in full.

(b) In the event that this Agreement is terminated pursuant to Section 4.02(b) above, then Buyer waives all claims to the Good Faith Deposit and it will become Seller's property.

(c) In the event that this Agreement is terminated pursuant to Section 4.02(c) then the Breakup Fee provisions of Section 7.03 shall survive termination and the Breakup Fee shall be payable to Buyer from the proceeds of sale to a third party.

ARTICLE VI

REPRESENTATIONS AND WARRANTIES OF BUYER

6.01 Representations and Warranties of Buyer. Buyer represents and warrants to Seller that, except as set forth in the disclosure schedules being delivered by Buyer contemporaneously herewith, but no later than five (5) business days after the Agreement Date (the "Buyer Disclosure Schedules"):

(a) Organization of Buyer. Buyer is a limited liability company duly organized, validly existing, and in good standing under the laws of the State of Delaware, and has all requisite limited liability company power and authority to own, lease and operate its properties and to carry on its business as it is now being conducted. At Closing, Buyer or its assignee is duly qualified to do business and is in good standing California, and in all jurisdictions in which the failure to so qualify would reasonably be expected to have a material adverse effect on the ability of Buyer to consummate the Transaction. The jurisdictions in which each Buyer is so qualified are listed on Schedule 6.01(a) hereto.

(b) Authorization of Transaction. Buyer has full power and authority to execute and deliver this Agreement and to perform its obligations hereunder, and the execution and delivery by Buyer of this Agreement and the consummation of the Transaction have been duly and validly authorized by all necessary corporate action on the part of Buyer. This Agreement constitutes the legal, valid and binding obligation of Buyer enforceable in accordance with its terms, except as such enforcement may be limited by applicable bankruptcy, insolvency, moratorium or other laws from time to time in effect which affect creditors' rights generally and by legal and equitable limitations on the enforceability of specific remedies.

(c) Noncontravention. Subject to the entry of the Sale Order, no filing with, and no permit, authorization, consent or approval of, any Governmental Entity is necessary for the consummation by Buyer of the Transaction. Subject to the entry of the Sale Order, neither the execution and the delivery of this Agreement, nor the consummation of the Transaction, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge, or other restriction of any government, governmental agency, or court to which Buyer is subject or any provision of its articles of organization or other organizational document or (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify, or cancel, or require any notice under any agreement, contract, lease, license, instrument, or other arrangement to which Buyer is a party or by which it is bound or to which any of its assets is subject.

(d) Financial Statements. Buyer has the financial wherewithal and ability to perform all of its obligations under this Agreement, including payment of the Purchase Price to Seller. Buyer shall have on the Closing Date sufficient unrestricted funds or committed lines of credit on hand to pay the portion of the Purchase Price payable in cash at the Closing.

(e) Litigation. There is no claim, action, lawsuit, or proceeding, or to the Knowledge of Buyer, any pending inquiry or investigation or any threatened claim, action, lawsuit, proceeding, inquiry or investigation, in each case, by or against or affecting Buyer which

has had or can be reasonably expected to have a material adverse effect on the ability of Buyer to consummate the Transaction.

(f) Brokers. Buyer is not a party to any agreement, arrangement or understanding with any Person which will result in the obligation of Buyer or Seller thereof to pay any finder's fee, brokerage commission or similar payment.

ARTICLE VII

COVENANTS OF THE PARTIES

7.01 Cooperation of the Parties. Except as expressly required by this Agreement, each of the Parties will use its commercially reasonable efforts to take all actions and to do all things necessary in order to promptly consummate and make effective the Transaction.

7.02 Bankruptcy Court Matters.

(a) Bidding Procedures. Promptly, but in any event, within five (5) days, after the execution of this Agreement Seller will file a motion in the Bankruptcy Court for an order approving bidding procedures for the sale of the Acquired Assets (the "Bidding Procedures Order"), if such motion has not been filed previously. The Bidding Procedures Motion, shall, among other things be in form and content reasonably acceptable to Buyer, and seek to designate the Buyer as the "Stalking Horse Bidder", i.e. the party submitting the highest and best bid for the Property prior to the auction to be conducted in accordance with bidding procedures subject to Buyer's reasonable approval (the "Bidding Procedures"). Seller will seek approval of Bidding Procedures that (i) approve the Break-Up Fee (as hereinafter defined), (ii) require that any competing bidder for the Seller's assets must purchase them on substantially the same terms and conditions as set forth in this Agreement (including the payment of the "Good Faith Deposit), but for an amount at least \$600,000 greater than the Purchase Price (the "Minimum Overbid"), and (iii) that further bids must be made in increments of at least \$100,000.

(b) Sale Motion. Promptly upon, but in any event, within five (5) days after the entry of the Bidding Procedures Order, Seller shall file in the Bankruptcy Court one or more motions seeking authorization of all relief required for the Sale Order, including, among other things approval of the sale of the Acquired Assets pursuant to this Agreement and the assumption and assignment of the Assumed Contracts (the "Sale Motion"), which Sale Motion shall be in form reasonably acceptable to Buyer..

(c) Non-Assignment of Assets. Anything contained herein to the contrary notwithstanding, this Agreement shall not constitute an agreement to assign any Acquired Asset if, after giving effect to the provisions of sections 363 and 365 of the Bankruptcy Code, an attempted assignment thereof, without obtaining a consent or approval required or necessary for such assignment or transfer, would constitute a violation of the Bankruptcy Code, as expressly determined by a final order of the Bankruptcy Court. If, after giving effect to the provisions of sections 363 and 365 of the Bankruptcy Code, the Bankruptcy Court determines by a final order that such consent or approval is required but not obtained, and any Person refuses or fails to perform or to accept performance based on such non-assignability, then Seller shall, upon

Buyer's request and at Buyer's sole cost and expense, cooperate with Buyer in any reasonable arrangement designed to provide for Buyer the benefits and obligations of such Acquired Asset, including enforcement for the benefit of Buyer of any and all rights and remedies of Seller against a third party arising out of such third party's refusal or failure to perform or to accept performance based on such non-assignability, or any breach or cancellation. Any assignment to Buyer of any Acquired Asset that shall, after giving effect to the provisions of sections 363 and 365 of the Bankruptcy Code, require the consent or approval of any third party for such assignment as aforesaid as expressly determined by a final order of the Bankruptcy Court shall be made subject to such consent or approval being obtained. Any contract that would be an Assumed Contract but is not assigned in accordance with the terms of this Agreement shall not be considered an "Assumed Contract" for purposes hereof unless and until such contract is assigned to Buyer following the Closing Date upon receipt of the requisite consents or approvals to assignment and Bankruptcy Court approval.

7.03 Break-up Fee. In consideration of the real and substantial benefits conferred by the Buyer upon the Seller's bankruptcy estate by providing a minimum floor bid upon which the Seller, its creditors and the other bidders were able to rely and in consideration of the time, expense and risks associated with serving as the "Initial Bidder," including legal fees and expenses, overhead costs, due diligence expenses and other similar expenses related to the negotiation and preparation of this Agreement and of all related transactional documentation, due diligence and representation, Buyer has provided a material benefit to the Seller's estate by increasing the likelihood that the best possible price for the Acquired Assets shall be received and that the Break-Up Fee (as hereafter defined) is reasonable and appropriate in light of the size and nature of the proposed sale transaction and comparable transactions, the commitments that have been made and the efforts that have and shall be expended by the Buyer and was necessary to induce the Buyer to pursue the transactions contemplated hereby under the terms of this Agreement. Subject to the entry of the Bidding Procedures Order, if Buyer is not the successful bidder for the purchase of the Acquired Assets and the Acquired Assets are sold to another bidder, Seller will pay Buyer a break-up fee equal to five hundred thousand dollars (\$500,000.00) (the "Break-up Fee").

7.04 Notices and Consents. Except as expressly required by this Agreement, each of the parties will promptly give any notices to, make any filings with, and use its commercially reasonable efforts to obtain any authorizations, consents, and approvals of Governmental Entities to consummate and make effective the Transaction.

7.05 Full Access. From the Agreement Date through the Closing Date, the Seller will permit representatives of Buyer and its professionals to have full access at all reasonable times, and in a manner so as not to unreasonably interfere with the normal business operations of the Seller, to all books, records (including tax records), employees, contracts, and documents of or pertaining to the Seller.

7.06 Property Inspection and Testing. After the Agreement Date and prior to the Closing Date, Buyer shall be permitted at its sole expense, to inspect (with consultants of its choosing) the physical and environmental condition of the Real Property owned by Berkeley Properties LLC and used by the Seller. Buyer's inspection right shall include the right to test for

contamination, provided that Buyer shall restore such Real Property to the condition it was in prior to the conduct of any such inspection and testing.

7.07 Name Change. As soon as practicable following the Closing, and subject to approval of the Bankruptcy Court, Seller shall discontinue the use of its current name (and any other trade names currently utilized by any Seller) and shall not subsequently change its name to or otherwise use or employ any name which includes the words "Pacific Steel Casting Company" or any similar designation without the prior written consent of Buyer, and Seller shall cause the name of Seller in the caption of the Bankruptcy Case to be changed to the new name of Seller in accordance with this Section 7.06. From and after the Closing, the Seller covenants and agrees not to use or otherwise employ any of the trade names, corporate names, "d/b/a" names or any mark that is confusingly similar to the Intellectual Property rights utilized by any of Seller in the conduct of the Business or any Acquired Asset, which rights shall be included in the Acquired Assets purchased hereunder. As soon as practicable following the Closing, Seller shall file all necessary organizational amendments with the applicable Secretary of State of each Seller's jurisdiction of formation and in each state in which each such Seller is qualified to do business and with the Bankruptcy Court to effectuate the foregoing.

7.08 Transfer Taxes. All taxes arising out of each transfer of the Acquired Assets and any transfer taxes required to effect any recording or filing with respect thereto shall be borne by Buyer. Seller and Buyer shall cooperate to timely prepare and file any tax return relating to such transfer taxes, including, any claim for exempt or exclusion from the obligation or imposition of any transfer taxes. Seller shall be solely liable for any income, capital gains or similar taxes arising from the transfer of the Acquired Assets.

7.09 Bulk Sales Laws. To the extent the bulk sales laws of any state are applicable to the transactions contemplated by this Agreement, the parties hereby waive compliance with such bulk sales laws and the Buyer shall pay any Liabilities for any such noncompliance as a purchaser of assets pursuant to applicable law; provided, that Buyer shall in no case be deemed to assume any Liabilities which are not otherwise Assumed Liabilities under Section 2.03(b) by reason of such noncompliance, and Seller shall pay any Liabilities for any such noncompliance as a seller of assets pursuant to applicable law.

7.10 Multiemployer Plan.

(a) The Parties intend to comply with the requirements of Section 4204 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") in order to ensure that the transactions contemplated by this Agreement shall not be deemed a complete or partial withdrawal from the CMTA – Glass, Molders, Pottery, Plastics & Allied Workers Local #164B Pension Trust (the "Multiemployer Plan"). Accordingly Seller and Buyer agree:

(i) After the Closing Date, Buyer shall contribute to the Multiemployer Plan with respect to the Seller's Business operations acquired by Buyer for substantially the same number of "contribution base units" for which Seller had an "obligation to contribute" to the Multiemployer Plan (as those terms are defined in Sections 4001(a)(11) and 4212 of ERISA, respectively) pursuant to the Collective Bargaining Agreement. At or prior to

the Closing Date, Seller shall assume and assign to the Buyer the Collective Bargaining Agreement with the Union, effective as of the Closing.

(ii) Buyer shall provide to the Multiemployer Plan, for a period of five consecutive plan years commencing with the first plan year beginning after the Closing Date, either a bond issued by a surety company that is an acceptable surety for purposes of Section 412 of ERISA or an amount held in escrow by a bank or similar financial institution satisfactory to the Multiemployer Plan. The amount of such bond or escrow deposit shall be equal to the greater of (A) the average annual contribution that Seller was required to make under the Multiemployer Plan with respect to the operations of Seller's Business for the three plan years immediately preceding the plan year in which the Closing Date occurs, or (B) the annual contribution that Seller was required to make under the Multiemployer Plan with respect to the operations of the Seller's Business for the last plan year immediately preceding the plan year in which the Closing Date occurs. Such bond or escrow shall provide that it will be paid to the Multiemployer Plan if Buyer withdraws from the Multiemployer Plan or fails to make a contribution to the Multiemployer Plan when due, at any time during the first five plan years beginning after the Closing Date. Buyer may, at its own cost and expense, seek any applicable waiver or exemption from the Multiemployer Plan or the applicable Governmental Entity from the requirement that it post a bond, as set forth in 29 C.F.R. Part 4204, and Seller shall cooperate with Buyer in seeking such waiver or exemption, provided, however that Buyer shall comply with all provisions of this Section 7.10(a)(ii) for the period of time after the Closing Date in which it is seeking but not yet obtained such a waiver or exemption.

(iii) If Buyer completely or partially withdraws from the Multiemployer Plan prior to the end of the fifth plan year of the Multiemployer Plan beginning after the Closing Date, and Buyer's liability of the Buyer with respect to the Multiemployer Plan is not paid, then Seller shall be secondarily liable for any withdrawal liability Seller would have had to the Multiemployer Plan with respect to Buyer's operations during such five-year period but for Section 4204 of ERISA. Buyer shall indemnify Seller and hold Seller harmless from and against any liability incurred by Seller pursuant to Section 4204 of ERISA and this subsection (iii).

(b) Seller shall cooperate with Buyer if Buyer elects to prepare and submit to the Multiemployer Plan or the Pension Benefit Guarantee Corporation ("PBGC") a request for a variance or exemption from the bond/escrow requirement of Section 4204(a)(1)(B) of ERISA (as described in clause (ii) of this subsection). Unless and until such a variance or exemption is granted, Buyer shall comply with the bond/escrow requirement, except to the extent provided in PBGC Regulation Section 2643.11(d).

(c) To the extent that this Section 7.10 (without regard to this subsection) fails to comply with the requirements of Section 4204 of ERISA such that the withdrawal liability exemption provided by Section 4204 would be unavailable to Seller, the Parties agree that this Section 7.10 shall be deemed to include any term (including the modification of any express term herein) that is reasonably necessary to invoke the withdrawal liability exemption resulting from the application of Section 4204 to the Transaction.

7.11 Post-Closing Transition and Cooperation.

(a) The Parties agree that following the Closing of the Transaction, they shall cooperate to facilitate the ownership transition of the Business and the Acquired Assets to the Buyer by taking such actions and executing such documents as may be necessary and appropriate for such purpose. Buyer shall cooperate with Seller by making available to Seller upon its reasonable request and upon reasonable notice and for reasonable time periods, former Seller personnel employed by Buyer who have specific and unique knowledge of Seller's pre-Closing operations such that their assistance would be reasonable and necessary to enable Seller to complete its disclosure statement and plan of reorganization in the Bankruptcy Case and to otherwise substantially comply with the requirements of the Bankruptcy Code. The Parties agree to negotiate a reasonable compensation arrangement pursuant to which Seller shall pay Buyer for the reasonable value of the time expended by such personnel for Seller's benefit.

(b) Notwithstanding Seller's assignment of all its prior and current workers compensation Insurance Policies to Buyer, Buyer shall cooperate with Seller as necessary to facilitate the transition to Buyer the processing and administration of claims actually or potentially covered under such workers compensation Insurance Policies for acts or occurrences arising prior to the Closing Date.

7.12. Non-Union Pension Plan. On or before the Closing Date, Seller shall file with the IRS a submission under the Voluntary Correction Program ("VCP") to correct errors identified in the 2011 restatement of the Non-Union Pension Plan. To the extent the IRS disqualifies the Non-Union Pension Plan and seeks to impose taxes (including penalties and interest) or other costs by reason thereof, or discovers and asserts any other qualification issues arising from occurrences and circumstances prior to the Closing, or seeks to impose penalties or costs on the Plan sponsor by reason thereof, Buyer shall assume and pay the same.

ARTICLE VIII

EMPLOYEE MATTERS

8.01 Employees.

(a) Rehired Employees.

(i) From the Agreement Date and only so long as the Buyer is not in breach hereof, Seller shall cooperate with Buyer and permit Buyer to (i) meet with employees of the Seller at such times as Buyer shall reasonably request, (ii) speak with such employees who are being considered for employment by Buyer, (iii) distribute to such employees such forms and other documents relating to potential employment by Buyer (including an incentive compensation package to certain members of management) after the Closing Date as Buyer may reasonably request and (iv) permit Buyer to review personnel files and other relevant employment information regarding employees of the Seller.

(ii) As of the Closing Date, Buyer will have arranged the ability to offer to rehire, in Buyer's sole discretion, all or part of the employees of Seller. Seller will provide a complete list of all of their current employees with an indication of which employees are represented by the Union. Without limiting Buyer's discretion, one day after entry of the

Sale Order, Buyer shall provide Seller with approximate lists of the number and categories of employees to be offered employment. Any negotiations or discussions with members of the Union or the Union Representative after the Closing Date shall be conducted according to the requirements of the Collective Bargaining Agreement and applicable law. The employees who accept Buyer's offer are referred to as the "Rehired Employees".

(iii) To the extent not prohibited under applicable law, following the Closing Date, Seller shall make available to Buyer such non-confidential data in personnel records of Rehired Employees as is reasonably necessary for Buyer to transition such Rehired Employees into Buyer's records.

(iv) On the Closing Date, Seller shall pay to its employees, or reserve for payment, the portion of the payroll and such other amounts as Seller is liable (including, without limitation, applicable payroll taxes and amounts owed under Union Benefit Plans) that first comes due following the Closing Date that relates to services performed by its employees prior to the Closing Date. If reserved, such amount shall be paid in the next payroll coming due.

(v) Effective immediately before the Closing, Seller shall terminate, at its sole cost and expense, the employment of the Rehired Employees. Each Rehired Employee who is not otherwise participating in the Union Benefit Plans shall be eligible to participate in all of Buyer's employee benefit plans in accordance with the terms of those plans to the same extent and in the same manner as new employees of Buyer, or Buyer may permit or require those Rehired Employees to continue to participate in the Assumed Plans.

(vi) Except as otherwise specifically set forth herein, Seller shall have no responsibility whatsoever for any liabilities or obligations which relate in any way to such Rehired Employee's employment service with Buyer.

(b) Excluded Employees. Buyer shall have no obligation to offer employment to any employee listed on Schedule 8.01(b) (the "Excluded Employees"), but may hire them. Buyer may amend Schedule 8.01(b) from time to time on written notice to Seller; provided that such Schedule 8.01(b) shall be finalized no later than one day prior to the Closing Date. If an Excluded Employee is hired by Buyer, he or she is no longer an Excluded Employees and becomes a Rehired Employee. The Excluded Employees and all obligations to the Excluded Employees shall remain the sole responsibility of Seller, including, without limitation, all severance, constructive notice or other costs under any contract, agreement or understanding and any applicable federal, state, county, city, municipal or other laws, statutes, rules, regulations, orders, consent decrees, permits or licenses in connection with the Excluded Employees.

ARTICLE IX

9.01 Conditions to Closing Applicable to All Parties.

(a) Order. As a condition to Closing, the Bankruptcy Court shall issue an order (the "Sale Order"), which order shall be final and non-appealable and not be subject to any

SCHEDULE 5.01(a)

Jurisdictions where Seller is qualified

California

SCHEDULE 5.01(h)

Problem Receivables

All trade accounts receivable reflected in the Financial Statements are subject to the Seller's normal return and warranty policies and procedures.

The Seller's returns are warranty returns. A customer's right of return is not unconditional; a customer cannot return castings simply because it no longer wants them. If the amount of future returns can be reasonably estimated, then current GAAP calls for the current recognition of the costs or losses that may be expected in connection with any returns in accordance with ASC 450-20, the ASC section on loss contingencies. The estimates do not need to be made on a part-by-part basis, but can reflect meaningful levels of aggregation.

Under ASC 450-20, expected warranty costs or losses would need to be accrued if they were probable and reasonably estimable. Certainly, the Seller's experience indicates that warranty returns are probable. Given the Seller's changing customer product mix and the variety of casting technologies employed in the Seller's plants, the "reasonably estimable" criteria precludes the accrual of the Seller's warranty costs or losses at the time of sale."

As a result, Seller does not accrue for warranty returns, so the qualification is consistent with GAAP and Seller's financial statements.

The aggregate amount of warranty returns from customers for the 90 day period following the Closing Date shall not exceed \$100,000. To the extent such returns exceeds \$100,000, Seller shall pay to Buyer the full amount of such excess.

Attn.: Katie Delsol
Chief Executive Officer

Gentlemen:

This letter agreement will confirm our understanding of the terms and conditions under which Cleary Gull Inc. (referred to hereinafter as "Cleary Gull") is engaged (the "Engagement") by Pacific Steel Casting Company and/or any affiliate thereof (collectively, the "Company") as the Company's exclusive financial advisor in connection with the possible sale of all or part of the Company in one transaction or a series of transactions by means of a merger, spin-off, joint venture, partnership, sale of stock or assets, or other business combination or other transaction resulting in any change of control (whether voting, financial or otherwise) of the Company or the sale or transfer of any unit, subsidiary, division or line of business of the Company or any other material portion of the Company's business or assets (a "Transaction").

1. Advisory Services

2. Exclusivity

To coordinate most effectively our efforts together to effect a Transaction satisfactory to the Company, the Company agrees, and agrees to cause any of its directors, officers, shareholders, advisors or agents, to refer to Cleary Gull any person who expresses to the Company (or any of them) an interest in a Transaction. The Company agrees that a representative of Cleary Gull may be present at all times during all negotiations related to any Transaction or shall be kept fully informed with respect to such negotiations. The Company warrants and represents that it has not granted any other person the right to act as a financial advisor, placement agent or underwriter with respect to the Transaction and that there is no other person that is entitled to a finder's fee or any type of brokerage or other commission in connection with the Transaction. Until the expiration of the Engagement, the Company will not solicit or negotiate with or retain any other financial advisor, placement agent or underwriter in connection with a Transaction. In any event, no fee payable to any other financial advisor by the Company or any other person in connection with the subject matter of this Engagement shall reduce or otherwise affect any amounts payable hereunder to Cleary Gull.

3. Compensation

A. ISR Fee

The Company is paying Cleary Gull a fee for initial advisory services rendered ("ISR Fee") in three (3) installments as follows:

<u>Amount</u>	<u>Payable Upon</u>
\$37,500	Execution of this letter agreement
\$25,000	Receipt of proposed initial indication of interest, letter of intent, memorandum of understanding or other proposal for a Transaction from an Interested Party
\$25,000	Acceptance by the Company or the owner(s) of a majority of its outstanding shares of a letter of intent, memorandum of understanding or other agreement in principle or proposal for a Transaction from an Interested Party

Such ISR Fee will be non-refundable except that (i) Cleary Gull shall refund Twelve Thousand Five Hundred Dollars (\$12,500) of the ISR Fee if the Information Memorandum is not ready for distribution to Interested Parties before the earlier of March 1, 2014 or the date the Company files for protection under Chapter 11 of the Federal bankruptcy laws; and (ii) any portion of the ISR Fee that is paid and not refunded shall be credited against the Transaction Fee as described below.

B. Transaction and Incentive Fees

Cleary Gull's compensation for these services is largely dependent on the outcome of this assignment. If a Transaction is consummated, then the Company shall pay Cleary Gull a success fee (the "Transaction Fee"), in cash via wire transfer at consummation of the Transaction, of Four Hundred Thousand Dollars (\$400,000), less the amount of the ISR Fee paid by the Company, plus an incentive fee (the "Incentive Fee") equivalent to Five percent (5%) of the Aggregate Consideration (as defined below) equal to or in excess of Eighteen Million Dollars (\$18,000,000).

C. Definition of Aggregate Consideration

For purposes of this letter agreement, the term "Aggregate Consideration" shall mean an amount computed in accordance with the following:

- (i) Aggregate Consideration includes (a) the total consideration received or to be received directly or indirectly by the Company, its shareholders and any holders of stock options or other equity-linked contractual rights or securities of the Company ("Equity Interests") as a result of the Transaction, including cash, property, securities, and amounts placed in escrow; and (b) the total amount of indebtedness of the Company for money borrowed and similar non-trade liabilities and other long term obligations (including, without limitation or duplication, the amount that would be reflected in financial statements of the Company prepared in accordance with generally accepted accounting principles ("GAAP") as of the date of closing for a Transaction with respect to any liabilities for pension, retirement or deferred compensation plans, or any guarantees or capitalized leases) directly or indirectly assumed, forgiven, repaid, refinanced, restructured, retired, extinguished or acquired as a result of the Transaction or that otherwise remain outstanding as of the closing of a Transaction. Aggregate Consideration also includes (without duplication of amounts otherwise included in Aggregate Consideration) the aggregate amount by which any Equity Interests are "in-the-money" based on the consideration paid in the Transaction, as well as the amount payable as the result of a Transaction under any shadow stock, stock appreciation rights or other incentive compensation plan or agreement. Aggregate Consideration only includes any past due amounts with respect to leases which are not capitalized leases under GAAP.
- (ii) Aggregate Consideration includes (without duplication of amounts otherwise included in Aggregate Consideration) all cash or other dividends or other distributions declared, paid or distributed by the Company to its shareholders in contemplation or as a result of the Transaction other than normal quarterly or annual distributions to cover shareholder taxes on the Company's taxable income which is not due to a Transaction. For purposes of this letter agreement, if there is a transfer of capital stock of the Company (a) constituting a majority of the equity in the Company, or (b) possessing a majority of the voting power of the equity in the Company, then all of the equity in (including any Equity Interests of) the Company shall be deemed to have been acquired at an assumed price equivalent to the average per share price at which the controlling interest is acquired.
- (iii) Aggregate Consideration will also include (without duplication of amounts otherwise included in Aggregate Consideration) (a) any fees and expenses relating to the Transaction which are incurred by the Company, its shareholders before consummation of the Transaction, or their affiliates and paid by the Company or any other party to such Transaction, and (b) the maximum face amounts of all current or deferred payments and benefits to be made under non-competition, consulting, licensing, lease, royalty or similar agreements with any directors, executives or shareholders of the Company or under any employment contracts with such individuals to the extent payments thereunder are in amounts in excess of existing levels or, are due more than one (1) year after closing.
- (iv) If all or a portion of the consideration payable in connection with the Transaction includes contingent future payments, then Aggregate Consideration will include the present value of the reasonably expected maximum amount of such payments (as such amount is determined in good faith between the Company and Cleary Gull).
- (v) If the Transaction involves the disposition of assets, then Aggregate Consideration will include the fair market value of any assets of which the Company does not dispose in the Transaction.
- (vi) If Aggregate Consideration for the Transaction includes securities, then the fair market value of such securities will be (a) if there is a public trading market therefor, equal to the

average of the last sale prices on each of the ten trading days ending with the second trading day preceding the closing of the Transaction and (b) in the absence of a public trading market therefor, the fair market value thereof on the day preceding the closing of the Transaction. Consideration or assets other than cash or securities shall be valued at fair market value as of the date of consummation of the Transaction.

- (vii) The fair market value or present value of any component of Aggregate Consideration other than cash shall be such amount as may be agreed by the Company and Cleary Gull. However, if the parties are unable to agree upon a fair market value or present value, then each will select an investment banking firm respected in the mergers and acquisitions field to objectively determine a bona fide fair market value or present value. The midpoint between the two bona fide fair market values or present values established by such firms will be the fair market value or present value for purposes of this letter agreement. The fees of such investment bankers relating to such determination will be shared equally by the Company and Cleary Gull.

4. Term and Termination

Upon ninety (90) days' written notice, the Company or Cleary Gull may terminate the Engagement effective at any time more than twelve (12) months after the date hereof (the earliest such a termination notice may be given is ninety (90) days prior to the end of this twelve (12) month period). Cleary Gull also may terminate the Engagement upon five (5) days' written notice after Cleary Gull has determined, in its sole discretion, that there has been a material adverse change in the business, prospects, market value or financial condition of the Company. Any such termination shall be without any continuing obligation of the Company or Cleary Gull except that: (a) the Company shall remain obligated to pay for any compensation earned and expenses incurred by Cleary Gull to the date of termination; (b) the Indemnification Provisions (as defined below) and the provisions of Paragraphs 3 through 8 will remain in effect, and (c) if the Company initiates any Transaction within eighteen (18) months following such termination with any party that prior to such termination: (i) Cleary Gull identified to the Company as a potential participant in a Transaction or (ii) contacted or was contacted by the Company or Cleary Gull with respect to a potential Transaction, then Cleary Gull shall be entitled to all fees payable under Paragraph 3 with respect to such Transaction regardless of whether Cleary Gull is involved in initiating or consummating the Transaction.

5. Expenses

Whether or not a Transaction hereunder is consummated, in addition to the fees described above and exclusive of any amounts otherwise payable pursuant to the Indemnification Provisions, but subject to the limitation below, the Company agrees to reimburse Cleary Gull from time to time upon its request for all properly documented expenses incurred by Cleary Gull in connection with the performance of its services hereunder. Generally these expenses will represent travel, document procurement and delivery, other expenses reasonably allocable to Cleary Gull's performance of its services under this letter agreement and related matters, but they will also include the fees and expenses of Cleary Gull's attorneys and other professional advisors should Cleary Gull determine that their advice is required in connection with the Engagement or in order to complete a Transaction. Upon execution of this letter agreement the Company shall deposit with Cleary Gull Seven Thousand Five Hundred Dollars (\$7,500) as a fund for payment of such expenses as incurred, which fund shall be replenished by the Company within ten (10) days of receipt of a monthly statement from Cleary Gull of expenses incurred until such time that the cumulative amount deposited by the Company with Cleary Gull is equal to Thirty Thousand Dollars (\$30,000). The Company shall reimburse any such expenses of Cleary Gull in excess of Thirty Thousand Dollars (\$30,000) at the same time, and only if, a Transaction fee is payable. For the sake of clarity, Cleary Gull's Engagement shall not include giving tax, legal, regulatory, accounting or other specialist or technical advice or

associated services; instead, the Company will retain appropriate advisors experienced with this type of transaction, take their advice and be responsible for all fees and expenses, as well as all other costs and expenses associated with the Transaction.

6. Disclosure of Information

The Company will furnish Cleary Gull with such information concerning the Company and its industry as Cleary Gull reasonably requests in connection with this Engagement. The Company will ensure, and hereby warrants and represents that such information will not contain any untrue statement of material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which such statements are made. The Company further will ensure, and hereby warrants and represents that any financial forecasts and projections that it makes available or provides to Cleary Gull will be prepared in good faith and will be based upon assumptions that reflect the then best currently available estimates and judgments of the management of the Company as to the matters covered thereby and, in light of the circumstances under which they are made, are reasonable. In addition, the Company will keep Cleary Gull advised of all material developments affecting the Company or its financial position. The Company recognizes and agrees that Cleary Gull (a) will rely solely on such information and other information available from generally recognized public sources in performing the services contemplated hereunder; and (b) will not undertake independent verification of, and does not assume responsibility for the accuracy or completeness of, such information.

The Company acknowledges that all opinions and advice (written or oral) given by Cleary Gull to the Company in connection with Cleary Gull's Engagement will be treated by the Company as confidential, are intended solely for the use of the Board of Directors and senior management of the Company in considering the Transaction to which they relate and are not for the use of, and cannot be relied upon, by any other person or be used or relied upon for any other purpose. Without limitation, no such opinions or advice shall constitute a recommendation to any shareholder, creditor or creditors' committee of the Company concerning action that such persons might or should take in connection with the Transaction. Except as required by law or by order of a court of competent jurisdiction, the Company agrees that no such opinions or advice may be used to solicit shareholder, creditor or creditors' committee approval of any Transaction or for any other purpose or reproduced, disseminated, quoted or referred to at any time or otherwise disclosed to any third party, in any manner or for any purpose, nor shall any public references to Cleary Gull be made by the Company (or such persons), without the prior written consent of Cleary Gull. Without prior consultation with Cleary Gull, the Company shall not make any disclosure of such opinions or advice except as required by law or by order of a court of competent jurisdiction or make any announcement or filing that is so required in which Cleary Gull's name appears. Cleary Gull is not responsible or liable to any recipient of advice provided by Cleary Gull as a result of a court order requiring disclosure thereof.

7. Indemnification

The Company agrees to the indemnification and contribution provisions set forth on Annex A attached to this letter agreement and incorporated herein in their entirety (the "Indemnification Provisions").

8. Miscellaneous

Each of Cleary Gull and the Company represents that this letter agreement has in all respects been duly authorized, executed and delivered by and on behalf of itself. This letter agreement and the Indemnification Provisions embody the entire agreement and understanding of the parties hereto and supersede all prior agreements and understandings, written and oral, relating to the subject matter hereof and may not be modified or amended, or any term or provision hereof waived or discharged, except in writing signed by the party against whom such modification, waiver or discharge is sought to be enforced. This letter

agreement, all rights and obligations in connection herewith and any claim related directly or indirectly to this letter agreement (including any claim concerning advice provided pursuant to this letter agreement) shall be governed and shall be interpreted, construed and enforced in accordance with and governed by the applicable laws of Wisconsin without regard to principles of conflict of laws.

The Company agrees to seek the appointment of Cleary Gull as its investment banker in any chapter 11 bankruptcy case filed by the Company under the standards permitted in 11 U.S.C. §327(a) and §328(a) pursuant to which the Incentive Fee is a contingent fee payable upon the closing of a sale of assets of the Company. The Company's fees and expenses shall be subject to review by the Bankruptcy Court only under the standard of review provided in 11 U.S.C. §328(a) and shall not be subject to review under 11 U.S.C. §330(a). Review shall be under the standard that provides that compensation awarded by the Court may differ from the compensation provided in this agreement only if, "the terms and conditions prove to have been improvident in light of development not capable of being anticipated at the time of the fixing of such terms and conditions." The Company shall not be required to adhere to the Guidelines for Compensation and Expense Reimbursement of Professionals and Trustees promulgated in the Northern District of California Bankruptcy Courts.

Nothing in this letter agreement or Engagement shall limit Cleary Gull's ability to consult and conduct business for and with others, including competitors of the Company, and to engage in activities similar to those contemplated hereunder whether for its own account or for the account of others or buy, sell or hold securities in or for others.

Cleary Gull may refer to the Transaction and the Company, after it is otherwise public knowledge, in traditional "tombstone" announcements or any of its professional promotional materials. Further, if requested by Cleary Gull, the Company shall include a mutually acceptable reference to Cleary Gull in any press release or other public announcement made by the Company regarding the matters described in this letter agreement.

The Company acknowledges and agrees that (a) this letter agreement does not constitute a commitment or undertaking on the part of Cleary Gull to provide any financing and does not ensure the successful completion of the Transaction; (b) Cleary Gull is acting as an independent contractor hereunder, and neither anything in this letter agreement nor the nature of Cleary Gull's services shall be deemed to create a partnership or fiduciary relationship between Cleary Gull and the Company or any other party; and (c) Cleary Gull has no duties or obligations to the employees, equity holders or creditors of the Company by virtue of this letter agreement or the retention of Cleary Gull hereunder, and no such person shall be deemed a third party beneficiary of this letter agreement or have any rights by virtue of this letter agreement or the retention of Cleary Gull hereunder.

9. Signatures

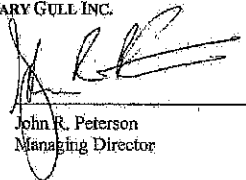

This letter agreement may be executed in one or more counterparts, each of which shall be deemed an original for all purposes, and all of which together shall constitute one and the same agreement. Facsimile, portable document format (a/k/a "PDF") and any other electronic signature within the meaning of the Uniform Electronic Transactions Act, as amended (or any similar state law), on any counterpart hereof shall be deemed to be a true and legally binding signature with the same force and effect as an original. ANNEX A

Indemnification Provisions

In connection with the engagement of Cleary Gull by Pacific Steel Casting Company pursuant to a letter agreement dated January 29, 2014, between the Company and Cleary Gull as it may be amended from time to time (the "Letter Agreement"), the Company hereby agrees as follows:

The Company agrees to indemnify Cleary Gull, its present and former controlling persons (as such term is defined in the Securities Act of 1933), affiliates, directors, officers, employees, agents and representatives (Cleary Gull and each such person being an "Indemnified Party") from and against any and all losses, claims, damages, judgments, assessments, liabilities, costs and expenses (including reasonable attorneys' fees and disbursements), joint or several, to which such Indemnified Party may become subject under any Federal or state law or otherwise (collectively, "Liabilities"), and will reimburse each Indemnified Party for all fees and expenses (including reasonable attorneys' fees and disbursements) (collectively, "Expenses") as they are incurred in investigating, preparing for (including preparing to present testimony or evidence), pursuing, presenting testimony or evidence relating to or defending any claim, action, proceeding or investigation, whether or not in connection with pending or threatened litigation, whether or not the Company has initiated such action and whether or not the Company or any Indemnified Party is a party (collectively, "Actions"), (a) caused by, or arising out of or in connection with, any untrue statement or alleged untrue statement of a material fact contained in any sale or offering memorandum provided to third parties or in any proxy statement or similar document, if any, provided to the Company's shareholders (including any amendments thereof and supplements thereto, collectively, the "Disclosure Documents") or by any omission or alleged omission to state therein a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading (other than untrue statements or alleged untrue statements in, or omissions or alleged omissions from, information relating to an Indemnified Party furnished in writing by or on behalf of such Indemnified Party expressly for use in the Disclosure Documents) or (b) otherwise relating to, arising out of or in connection with the Letter Agreement or this Annex A (including the enforcement thereof), advice or services rendered or to be rendered by any Indemnified Party pursuant to the Letter Agreement, the transactions contemplated thereby or any Indemnified Party's actions or inactions in connection with any such advice, services or transactions, except that, in the case of clause (b) only, the Company shall have no such obligation in respect of any Liabilities or Expenses of any Indemnified Party that are finally judicially determined to have arisen solely and directly out of the intentional misconduct, bad faith, gross negligence or recklessness of such Indemnified Party.

The Company also agrees that no Indemnified Party shall have any liability to the Company in connection with any matter relating to the engagement of Cleary Gull under the Letter Agreement, except to the extent finally judicially determined that such liability resulted solely and directly from the intentional misconduct, bad faith, gross negligence or recklessness of such Indemnified Party. Accordingly, Cleary Gull shall not be liable to the Company for its own negligence, if any, in the performance of the services related to or arising from this Letter Agreement.

The Company in its discretion may assume the defense of any Action. If the Company assumes the defense of an Action, then the Company shall not be liable for any Expenses subsequently incurred by an Indemnified Party in connection with such Action (other than Expenses incurred in investigation, to prepare to present testimony or evidence or to present testimony or evidence) unless (a) the Company has failed to provide legal counsel reasonably satisfactory to such Indemnified Party in a timely manner or (b) such Indemnified Party shall have reasonably concluded that the representation of such Indemnified Party by legal counsel selected by the Company would be inappropriate due to actual or potential conflicts of interest or that there may be legal defenses available to such Indemnified Party that are different from or additional to those available to the Company or any other Indemnified Party represented by such legal counsel. Cleary Gull also has the right to employ separate counsel and to participate in the defense thereof at its own expense. Whether or not Cleary Gull participates in such defense, the Company will not enter into any settlement agreement or compromise with respect to any such Action without the written consent of Cleary Gull, unless such settlement or compromise includes an unconditional release of Cleary Gull and all other Indemnified Parties from all Liabilities with respect to such Action.

If any Indemnified Party is requested or required to appear as a witness in any Action, then the Company agrees to pay the Indemnified Party's a per diem fee of \$1,500 per person for each half day of testimony and \$750 per person

for each half day of preparation for any time such Indemnified Party expends in connection with appearing and/or preparing to appear as a witness in such Action.

If for any reason the foregoing indemnification is unavailable or insufficient, then the Company shall contribute to the Liabilities and Expenses paid or payable by such Indemnified Party to the extent such indemnification is unavailable or insufficient in such proportion as is appropriate to reflect (a) the relative benefits to the Company and its shareholders, on the one hand, and to Cleary Gull, on the other hand, of the matters contemplated by the Letter Agreement received, or sought to be received (whether or not a Transaction is consummated) or (b) if the allocation provided by the immediately preceding clause is not permitted by the applicable law, not only such relative benefits but also the relative fault of the Company, on the one hand, and Cleary Gull, on the other hand, in connection with the matters as to which such Liabilities or Expenses relate, as well as any other relevant equitable considerations; provided that in no event shall the Company contribute less than the amount necessary to ensure that all Indemnified Parties, in the aggregate, are not liable for any Liabilities and Expenses in excess of the amount of fees actually received by Cleary Gull pursuant to the Letter Agreement. For purposes of the foregoing, relative benefits to the Company and Cleary Gull (and any other Indemnified Party) shall be deemed to be in the same proportion that the total value paid or contemplated to be paid in connection with a Transaction bears to the fees paid to Cleary Gull pursuant to its engagement in respect of such Transaction.

If multiple claims are asserted against an Indemnified Party in any Action, and indemnification as to at least one of such claims is permitted under applicable law and provided for under this Annex A, then the Company agrees that any judgment or award shall be conclusively deemed to be based on claims as to which indemnification is permitted and provided for, except to the extent the judgment or award expressly states that the judgment or award, or any portion thereof, is based solely on a claim or claims as to which indemnification is not available.

Any dispute, controversy or claim arising out of or relating to this Indemnification Agreement and/or Engagement shall be submitted to and settled by binding arbitration held before FINRA. Cleary Gull and the Company shall use their respective best efforts to maintain complete confidentiality with respect to, and shall not disclose to any person, the existence of positions taken in or resolution of any such dispute, controversy or claim, except as authorized in writing by the other party or as necessary to the prosecution or defense thereof, provided, however, that the foregoing will not prevent either party from disclosing any such information, which would otherwise be confidential hereunder, to any regulatory or self regulatory body which regulates each party. Judgment upon the award rendered by the arbitrator(s) may be entered in any court having in personam and subject matter jurisdiction.

SCHEDULE 5.01(q)

Matters Relating to Benefit Plans

1. On or around May 8, 2014, Seller became aware of an error contained in the Adoption Agreement for the restated plan document for the Pension Plan for Employees of Pacific Steel Casting Company (referred to herein as "the Plan") effective as of April 1, 2011. The error relates to an indication in the Adoption Agreement that the Plan provides an unreduced early retirement subsidy to all participants. The Plan does not provide an early retirement benefit without reduction to the participants (except with respect to certain participants who commence benefits after attaining age 62) as indicated by the document in effect for the Plan immediately prior to the 2011 restatement. Buyer is in the process of correcting this error, in addition to several other subsequently identified errors made by a third party in the preparation of the Adoption Agreement for the 2011 restatement. A draft corrective amendment addressing these errors is attached.
2. With respect to Seller's representation in Section 5.01(q)(ii)(12), Seller discloses that it has ERISA Affiliates which include (a) Tri-Pacific, Inc. and (b) Berkeley Properties, LLC.

**AMENDMENT TO THE
PENSION PLAN FOR EMPLOYEES OF
PACIFIC STEEL CASTING COMPANY**

This Amendment (Amendment) to the Pension Plan for Employees of Pacific Steel Casting Company (Plan) is adopted by Pacific Steel Casting Company (Employer) to be effective on and as of the date(s) set forth below.

RECITALS

Whereas:

- A. The Employer originally established the Plan effective as of August 28, 1961 as a defined benefit pension plan for the Employer's non-union employees who satisfy the Plan's eligibility requirements.
- B. The Plan is intended to be a tax qualified plan under section 401(a) of the Internal Revenue Code (Code) and a pension plan under the Employee Retirement Income Security Act of 1974 (ERISA).
- C. The Plan operates on a plan year ending on March 31 each year.
- D. The Employer relies on third party service providers to maintain the Plan in compliance with the requirements of both the Code and ERISA, including, but not limited to, the preparation of the plan and trust documents, the preparation of amendments to the plan and trust documents, the annual actuarial valuations, the administration of the benefits under the Plan, and the preparation and filing of the annual reports with the Internal Revenue Service and the Department of Labor.
- E. For many years, the Employer has used, and continues to use, the services of Nicholas & Hicks as the third party administrator for the Plan and Robert Haness of Haness & Associates as the actuary for the Plan.
- F. The Employer understands and believes that Nicholas & Hicks and Robert Haness are very experienced in assisting employers with plans such as the Plan.
- G. The Employer has amended the plan and trust documents and restated the plan and trust documents from time to time over the years since the Plan's inception.
- H. In 2003, Nicholas & Hicks prepared a restatement of the plan and trust document in order to update the Plan for changes in the Code and ERISA.

- I. On December 19, 2003, Nicholas & Hicks sent the restatement of the plan and trust document to the Employer with an indication that it had been reviewed by Robert Haness as well.
- J. The Employer adopted the 2003 restatement in December 2003.
- K. On March 15, 2006, the Employer adopted an amendment, prepared by Nicholas & Hicks, that ceased all benefit accruals under the Plan effective as of March 31, 2006, and the Employer gave the notice, also prepared by Nicholas & Hicks, that is required to be given, by both the Code and ERISA, to all of the participants in the Plan regarding the cessation of future benefit accruals under the Plan.
- L. Between 2006 and 2011, the Employer adopted other amendments to the 2003 restatement of the plan and trust document, all prepared by Nicholas & Hicks.
- M. In 2011, Nicholas & Hicks prepared a restatement of the plan and trust document in order to update the Plan for changes in the Code and ERISA since the 2003 restatement, and sent the restatement of the plan and trust document to the Employer with an indication that the 2011 restatement made no substantive changes to the way in the Plan was operated.
- N. The Employer adopted the 2011 restatement in June 2011, effective as of April 1, 2011, in reliance on the representations made by Nicholas & Hicks regarding the restatement of the Plan.
- O. The Employer has just recently learned that Nicholas & Hicks made a number of errors when preparing the 2011 restatement of the plan and trust document as evidenced by communications from both Nicholas & Hicks and Robert Haness, which errors were not caught previously by the Employer because of the Employer's reliance on both Nicholas & Hicks and Robert Haness in the preparation of the 2011 restatement documents.
- P. The Employer has determined that these errors made changes to the terms of the Plan that were never intended by the Employer, never expected to be made by the participants, and never communicated to the participants in the summary plan description for the Plan, a summary of material modifications to the summary plan description for the Plan, or in any other manner.
- Q. The Employer has also determined that Robert Haness has been performing the actuarial valuations for the Plan and coordinating the administration of the Plan with Nicholas & Hicks in a manner that is consistent with the way in which the 2011 restatement should have been

prepared rather than in accordance with the erroneous documents prepared by Nicholas & Hicks.

- R. The Employer wishes to correct these errors in the plan and trust documents by the adoption of this corrective amendment so that (i) the plan and trust documents are worded as they should have been worded by Nicholas & Hicks when it prepared the 2011 restatement, (ii) the plan and trust documents are consistent with the understanding of the Plan by the Employer, the participants and Robert Haness, and (iii) the plan and trust documents are consistent with the manner in which the Plan has been administered by Nicholas & Hicks and Robert Haness on behalf of the Employer.

OPERATIVE PROVISIONS

Now, therefore, the Employer amends the Plan by correcting the following provisions in the Adoption Agreement that was signed on June 5, 2011, effective as of April 1, 2011:

1. Part II Section D1, "Normal Form of Benefit," is amended and restated to read as follows:

The benefits determined in this Section are payable at Normal Retirement Date as follows:

For Tier 1 Participants, an annuity guaranteed payable for one hundred twenty (120) monthly payments and continued thereafter for the life of the Participant. The first monthly payment shall be made as of the first day of the month coincident with or next following the Participant's Normal Retirement Date with the last payment as of the first day of the month in which the Participant's death occurs or the one hundred twenty (120) month payment period expires, whichever occurs later. Tier 1 Participants include Salaried Employees, Hourly Shipping Department Managers, Hourly Production Schedulers and Administrative Assistants.

For Tier 2 Participants, an annuity payable monthly for the life of the Participant. The first monthly payment shall be made as of the first day of the month coincident with or next following the Participant's Normal Retirement Date with the last payment as of the first day of the month in which the Participant's death occurs. Tier 2 Participants include Hourly Paid Employees other than those classified as Tier 1 Participants.

2. Part II Section D11, "Plan Actuarial Equivalence," item (a), "Plan/Code Section 415 Assumptions," is amended and restated to read as follows:

- a.1 Pre-retirement interest rate: eight percent (8%)
- a.2 Pre-retirement mortality table: UP84 Unisex
- a.4 Post-retirement interest rate: eight percent (8%)
- a.5 Post-retirement mortality table: UP84 Unisex

3. Part II Section D13, "Determination of Top-Heavy Status," item (b) is amended and restated to read as follows:

b. The actuarial assumptions to be used in determining the Top-Heavy Ratio shall be:

- b.1 Pre-retirement interest rate: eight percent (8%)
- b.2 Pre-retirement mortality table: UP84 Unisex
- b.4 Post-retirement interest rate: eight percent (8%)
- b.5 Post-retirement mortality table: UP84 Unisex

4. Part II Section F1, "Early Retirement Benefit," is amended and restated to read as follows:

For Tier 1 Participants, the Accrued Benefit is actuarially reduced for early commencement. For Tier 2 Participants, the Accrued Benefit is not actuarially reduced for early commencement if the Annuity Starting Date is on or after age sixty-two (62). For Tier 2 Participants, if the Annuity Starting Date is prior to age sixty-two (62), the Accrued Benefit is reduced for early commencement by zero and five tenths percent (0.50%) for each month that the Participant's Annuity Starting Date precedes the Participant's sixty-second (62nd) birthday. For all Participants, whether Tier 1 Participants or Tier 2 Participants, the Early Retirement Benefit shall commence as of the day of the month coincident with or next following the Participant's elected Annuity Starting Date.

5. Part II Section G1, "Method of Distribution," is amended and restated to read as follows:

	Tier 1 Participants	Tier 2 Participants
Lump Sum not to exceed \$5,000	Yes	Yes
Life Annuity	Yes	Yes
50%/75%/100% Joint & Survivor Annuity	Yes	Yes

*Life Annuity with a certain
period of 10 years*

Yes

No

6. Part II Section G9, "Required Minimum Distributions," is amended by unmarking items (k) and (k2), so that a joint and survivor annuity is not a form of payment for Required Minimum Distributions.
7. Part II Section H6, "Multiple Plan Provisions," is amended and restated to read as follows:

The Employer which maintains a qualified defined contribution plan in which any Participant is, was, or could become a Participant adds the following provision which it deems necessary to satisfy section 416 of the Code because of the required aggregation of multiple plans:

- f. Other – Specify: a minimum contribution allocation of three percent (3%) of each non-key Participant's total Compensation shall be provided in a defined contribution plan of the Employer.*

All other provisions of the Plan as in effect prior to this Amendment shall remain unchanged by this Amendment.
